## The Location

Set in one of the most enchanting sceneries in Southern Sardinia, **Chia Laguna**, with its **3 hotels** and **private villas**, will capture your heart, offering you a one-of-a-kind unforgettable luxurious week.

The Resort fronts a broad expanse of fine golden sand beaches, backed by wind-modelled dunes, lapped by transparent turquoise waters among the most famous on **Sardinia's south western coast**.

Chia Laguna is indeed a corner of Paradise for you to discover: wide sandy bays alternate with small coves and inlets, all framed by the greenery of Mediterranean scrub growth reflected in the blue sea.

You can try all land and sea sports, while the small ones are pampered by our nursery, mini club and babysitting service. No less than nine restaurants provide a vast range of gastronomic choices, from Mediterranean flavours to the best in international cuisine.

The Village offers 240 rooms designed to ensure a vacation in complete freedom; they are arranged round the revamped main pool and the new Club House, a few steps from the Resort's main facilities: the **restaurants**, the **miniclub**, the shuttle train to the beach, lively Piazza degli Ulivi and the **Wellness Centre**.

# Who is AIO?

AIO, the **Italian Dental Association**, represents more than 8.000 dentists throughout Italy. **It was founded in 1984** by the first graduates of the first dental schools to open in Italy.

It was established to defend the rights of new dental graduates who had earned a dental degree but were kept from practicing their newly established profession due to a lack of Italian legislation recognizing them as dental professionals.

Today, 30 years following its birth, AIO has become the number one provider of continuing education in Italy, strongly upholding professional ethics while maintaining its primary mission of protecting the rights of dentists through jurisdiction and legislation.

This has earned AIO the right to become an important political partner in establishing dental legislation at home, in Europe and worldwide. Just recently AIO has earned the honored distinction of becoming the only provider in Italy and only one of three providers in Europe

authorized by the American Dental Association to award continuing education credits as an

**ADA CERP** Recognized Provider.

The AIO magazine, **Prospettiva Odontoiatrica**, founded in 2002 has a current distribution of over 18,000 copies per issue and provides up to date information on pertinent to the profession. AIO is a leader in the dentistry. Just recently it has created a Magna Carta of Professional Values, a series of guidelines of professional behavior and ethics for the dental professional.
