Invitation

Conference Series LLC welcomes you to attend the **4th International conference on Medical Physics and Biophysics** during **June 29-30, 2017 London, UK**.

We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Medical Physics & Biophysics.

Medical Physics 2017 anticipates more than 200 participants around the globe with thought provoking Keynote lectures, Oral and Poster presentations. The attending delegates include Editorial Board Members of related Conference Series LLC Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

The main theme of the conference is **“Analysing the contemporary approaches in the arena of Medical and Biophysics”**

Regards,
Medical Physics 2017
Operating Committee

About Us

Conference Series LLC Journals

- 700 Open Access Journals
- 21 Day rapid review process
- 50000 Editorial team, 50000 Reviewers team
- 3.5 Million readers and high visibility
- More than 100000 
- Publication immediately after acceptance
- Quality and quick editorial, review processing

Key features

- User friendly/feasible website translation of your paper to 50 world's leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

Conference Series LLC Conferences

- 500 Conferences all over the World every year
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

Key features

- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- Connecting scientific community

Special Issues

All accepted abstracts will be published in respective Conference Series LLC Journals

Each abstract will be provided with digital Object Identifier by

A nighttime photograph of a cityscape, likely Amsterdam, featuring a canal with a bridge and buildings illuminated by streetlights, with reflections in the water.

About Conference

Medical Physics 2017 conference will focus on the latest and exciting innovations in all areas of Medical Physics and Biophysics research which offers a unique opportunity for investigators across the globe to meet, network, and perceive new scientific innovations. This year's annual congress highlights the theme, "Analyzing the contemporary approaches in the arena of Medical and Biophysics" which reflects the innovative progress in Cancer disease research. This National Medical Physics Conference also encourages the active participation of young student researchers as we are hosting Poster Award Competition and Young research Forum at the conference venue.

Meet Inspiring Speakers and Experts at our 3000+ Global Conference series Events with over 1000+ Conferences, 1000+ Symposiums and 1000+ Workshops on Medical, Pharma, Engineering, Science, Technology and Business..

Medical Physics 2017

- *Opportunity to attend the presentations delivered by eminent scientists from all over the world*
- *Selected contributions will be published in following International Journals*
 - *Nuclear Medicine & Radiation Therapy*
 - *Medical Diagnostic Methods*
 - *International Journal of Clinical & Medical Imaging*
 - *Diagnostic Techniques and Biomedical Analysis*
- *Participation in sessions on specific topics on which the conference is expected to achieve progress*
- *Global networking: In transferring and exchanging Ideas*
- *Conference brings together Scientific Researchers, Nobel laureates, Speakers, Delegates, Exhibitors, Researchers, students around the world to explore the Knowledge in Nursing and its line.*

About London

London, the capital of England and the United Kingdom, is a 21st century city with history stretching back to Roman times. At its centre stand the imposing Houses of Parliament, the iconic 'Big Ben' clock tower and Westminster Abbey, site of British monarch coronations. Across the Thames River, the London Eye observation wheel provides panoramic views of the South Bank cultural complex, and the entire city. London has a diverse range of people and cultures, and more than 300 languages are spoken within Greater London. Its estimated mid-2015 population was 8,673,713, the largest of any city in the European Union, and accounting for 12.5 per cent of the UK population. London's urban area is the second most populous in the EU, after Paris, with 9,787,426 inhabitants at the 2011 census. The city's metropolitan area is one of the most populous in Europe with 13,879,757 inhabitants, while the Greater London Authority states the population of the city-region (covering a large part of the south east) as 22.7 million. London was the world's most populous city from around 1831 to 1925. London is a leading global city, in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism, and transport. It is one of the world's leading financial centres and has the fifth- or sixth-largest metropolitan area GDP in the world. London is a world cultural capital. Tourism is one of London's prime industries, employing the equivalent of 350,000 full-time workers in 2003, and the city accounts for 54% of all inbound visitor spend in UK. As of 2016 London is rated as the world top ranked city destination by Trip Advisor users. It is the world's most-visited city as measured by international arrivals and has the world's largest city airport system measured by passenger traffic and also more than 9 million international visitors annually..
