# About Us

## *International Journals*

- 900 Open Access Journals
- 21 Day rapid review process
- 30000 Editorial team, 35000 Reviewers team
- 3.5 Million readers and high visibility
- More than 100000 
- Publication immediately after acceptance
- Quality and quick editorial, review processing

## *Key features*

- User friendly/feasible website translation of your paper to 50 world's leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

## *Conference Series LLC Conferences*

- 1000 Conferences all over the World every year
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

## *Key features*

- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- Connecting scientific community

## **Special Issues**

*All accepted abstracts will be published in respective Supporting International Journals*

*Each abstract will be provided with digital Object Identifier by*

A nighttime photograph of the Kuala Lumpur skyline, featuring the Petronas Twin Towers and other illuminated skyscrapers.

2017**

# Market Analysis

## *Healthcare Asiapacific 2017*

*Healthcare Asia Pacific welcomes attendees, presenters, and exhibitors from all over the world to Kuala Lumpur, Malaysia. We are delighted to invite you all to attend and register for the “9th Asia-Pacific Global Summit on Healthcare.”*

*The organizing committee is gearing up for an exciting and informative conference program including plenary lectures, symposia, workshops on a variety of topics, poster presentations and various programs for participants from all over the world. We invite you to join us at the Healthcare AsiaPacific, where you will be sure to have a meaningful experience with scholars from around the world. All members of Healthcare AsiaPacific organizing committee look forward to meeting you in Kuala Lumpur, Malaysia.*

*The healthcare market is estimated at \$4,430.9 million in 2013 and is expected to reach \$21,346.4 million by 2020, growing at a CAGR of 25.2% from 2013 to 2020.*

## *Importance & Scope*

*Investments in the right health solutions can lead to a sustainable future with measurable impact, within a generation. If children are healthy, then they can focus on school, eventually pursue a career, and ultimately work toward a self-sustainable. We believe that the economic health depends first and foremost on the physical health of its greatest resource, its people. Global health plays an increasingly important role in global peace and security. It is now necessary to think about health in a global context.*

*Healthcare Asia Pacific is focused on the importance of regular physical activity and health awareness globally. Healthcare Asia Pacific will challenge attendees to new health goals and empower them with tools and resources. By bringing all together, a positive energy is created and attendees will leave motivated to make changes.*

*Healthcare Asia Pacific brings together health practitioners from many disciplines that have a strong interest in advancing health research and prevention strategies. Conference topics include issues that are of special concern to health care.*

## *Why Kuala Lumpur ?*

*Kuala Lumpur is the capital of Malaysia, boasting gleaming skyscrapers, colonial architecture, charming locals, myriad of natural attractions and trendy nightspot. KL is widely recognised for numerous landmarks, including the world's tallest twin skyscrapers (Petronas Twin Towers), Petaling Street flea market, Batu Caves more than 400 million years old and shopping malls. Kuala Lumpur offers a mouth-watering mix of Asian culinary traditions for the food lovers.*

*Kuala Lumpur is vibrant mix are incense-wreathed, colourfully decorated mosques and temples of the country's Malay, Chinese and Indian communities. An admiration for these ancient cultures is well balanced with a drive to be plugged into the modern world, as evidenced by an exciting contemporary art and design scene and a buzzing digital economy.*

*Malaysia is favourite destination for many multinational companies. Malaysian government is dedicated to create a dynamic and progressive business environment to ensure potential investors are drawn into a thriving economy. More than 3,600 MSC-status companies from 40+ countries operating in Malaysia. Skill specific programs are structured to continuously develop entrepreneurs and businesses to obtain relevant knowledge.*

With a 4.4% of its GDP spent on healthcare, Malaysia will continue to witness positive growth in its healthcare technology uptake. A growing but ageing population segment and rapid urbanization leading to heightened awareness of disease and healthy living, will be crucial driving factors for the growth of this market. Medical tourism and the emergence of Malaysia as a popular retirement destination, coupled with favourable government initiatives, will ensure the continuous demand for quality care services.

### Conference Highlights

- Healthcare and Management
- Home Care
- Nursing Education
- Infectious Disease and Prevention
- Psychiatric and Healthcare
- Paediatric Healthcare
- Dental Care
- Health Informatics
- Healthcare Case Studies
- Teaching and learning in Global Healthcare
- Cancer and Care
- Healthcare and Chronic Diseases
- Women Health Issues and Care
- Nutrition and Healthcare
- Healthcare Services
- Community Healthcare

### Why to Attend???

With members from around the world focused on learning about Health Care, this is your single best opportunity to reach the largest assemblage of participants. Conduct demonstrations, distribute information, meet with current and potential customers, make a splash with a new product line, and receive name recognition at this 3-day event. World-renowned speakers, the most recent techniques, tactics, and the newest updates in the fields of Health Care are hallmarks of this conference.

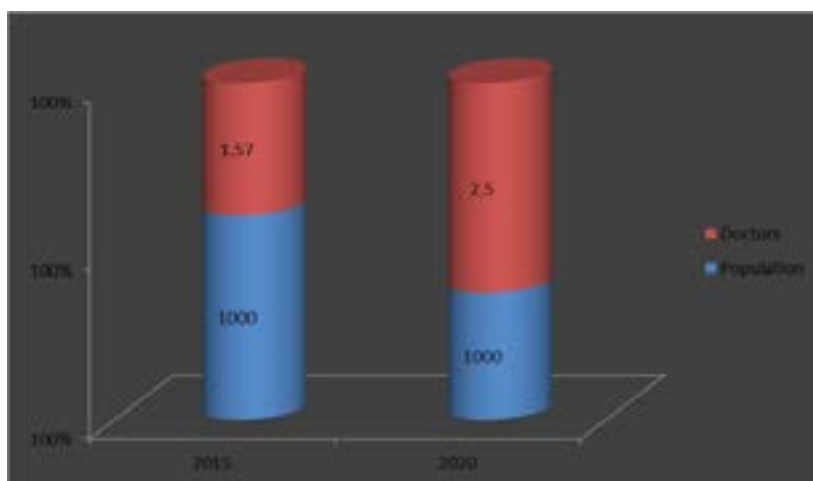

A Unique Opportunity for Advertisers and Sponsors at this International event: <http://healthcare.global-summit.com/asia-pacific/sponsors.php>

### Target Audience

Allied Health Professionals, Health Care Professionals, nurse practitioners, health care Administrators, Physicians, societies, Universities.

### Members Associated with HealthCare

Malaysia residents have excellent access to healthcare in both public and private sectors, covering hospitals, Doctors, Occupational Therapists, Dentists, Pharmacists, Physiotherapists, Nurses, Medicine Practitioners and other allied healthcare professionals. There are numerous public and private hospitals. Members associated in health professional are more than 233000 in Malaysia.

Malaysia has a doctor to population ratio of 1.57:1000. Malaysia will have a 2.5:1000 doctor to population ratio by 2020.

### *Societies Associated with HealthCare Research in Malaysia*

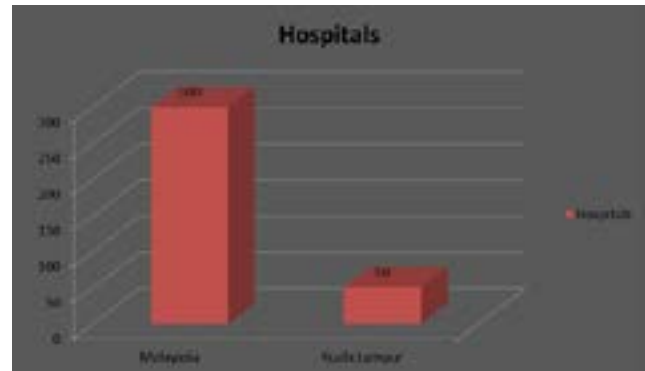

- *Academy of Family Physicians of Malaysia*
- *Academy of Medicine of Malaysia*
- *Association of Private Hospitals*
- *Catholic Doctors Association of Malaysia*
- *eKMSA*
- *FMSAM*
- *FPMPAM*

### Universities Associated with Healthcare

Medical university is a tertiary educational institution—or part of such an institution—that teaches medicine, and awards a professional degree for physicians and surgeons. In some countries it is called medical school and some countries universities. Malaysia have 32 medical universities and Kuala Lumpur have 8 medical university.

### Market Value of healthcare research

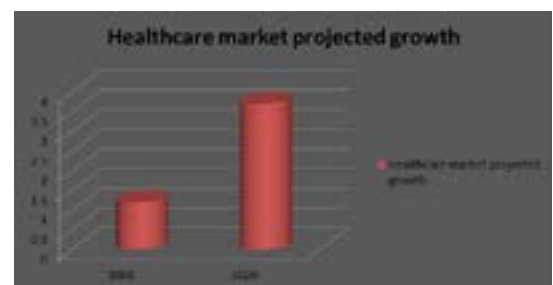

Healthcare systems around world are facing unprecedented change. While healthcare is primarily organized within national geographies, the issues are truly global. Demographics, fiscal restraint, new technologies and consumer expectations are creating significant challenges and opportunities.

The global pharmaceutical contract research and manufacturing services market is set to grow by an average of 13.6% a year to 2017, by which time it will be worth \$136 billion, up from \$72 billion in 2012, according to new forecasts.

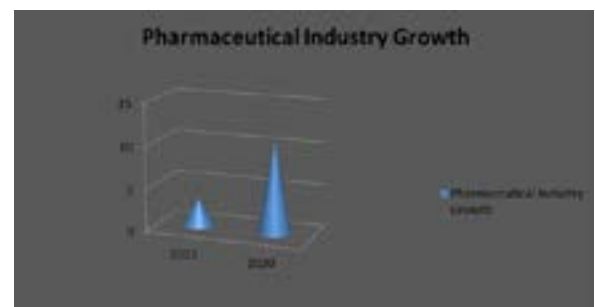

### Market growth Healthcare Industry

Malaysia's healthcare market estimated \$1.2 billion in 2008 and is projected to reach approximately \$3.7 billion by 2020, at a CAGR of 9.5% (MOPI, 2014). World healthcare industry estimated trillion for the year 2014 and As per the market analysis it will raise up to \$7.0 trillion by 2020.

### Market Value pharmaceutical industry

Asia and Indian subcontinents including Australia and south Africa pharmaceutical market going to see a highest growth rate at CAGR 11.4 - 14.4% compare to rest of the world as per the prediction. Malaysia's pharmaceutical market to be worth \$3.2 billion in 2013. The sector is expected to generate \$11 billion (RM35.5 billion) by 2020.

### Fund Allotment For HealthCare

Healthcare expenditure in Malaysia could exceed USD20 billion. In the next five years (2015 to 2020), it is expected to grow at a compound annual growth rate (CAGR) of 11%. Malayasia Government spending will focus on development of public healthcare infrastructure, chronic, infectious diseases control and treatment.

# About Conference

*The field of Healthcare Asiapacific 2017 is growing rapidly and its development is making tremendous impacts in nursing. The importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors.*

## *Healthcare Asiapacific 2017*

- *Opportunity to attend the presentations delivered by eminent scientists from all over the world*
- *Selected contributions will be published in following Supporting International Journals*
  - *Primary Health Care: Open Access*
  - *Health Care: Current Reviews*
  - *Journal of Nursing & Care*
- *Participation in sessions on specific topics on which the conference is expected to achieve progress*
- *Global networking: In transferring and exchanging Ideas*
- *Share your excitement in promoting your skills in the field of designing*
- *Conference brings together Scientific Researchers, Business Entrepreneurs and Industry Developers*

# About Kuala Lumpur

*Kuala Lumpur is popularly named K L, has the last decade become one of the most energetic cities in Asia. K L is a financial center in the East and a unique city for tourism. It offers first class attractions, entertainment and shopping facilities. A world class capital with all facilities you expect!*

*Kuala Lumpur the capital of Malaysia is a clean, safe, top modern multicultural city. Here you can find some of the world's most breathtaking modern skyscrapers, motivated by the unique style of Malay architecture, next to some colonial buildings, which means that the city also holds much of its old character and local colour.*
