

## SPEAKERS

### Keynote Speaker

Anna Roy  
Adviser Industry,  
Niti Aayog

### Conference Chair

Kavan Mukhtyar  
Partner & Leader -  
Automotive, PwC India

### Industry Note

Kishore Jayaraman  
President, India & South  
Asia, Rolls Royce

Ravindra Dayal  
Executive Director,  
Maruti Suzuki

Palash Roy Chowdhury  
Managing Director,  
Pratt & Whitney

Karan Anand  
Dy. Managing Director,  
Hella

Jagmohan Singh  
Regional Director India,  
Sri Lanka & Maldives,  
Lockheed Martin

Sanjiv Kumar Jain  
CIO, Spark Minda

Swapan Gayen  
CIO, Bharat Seats

Anand Maithani  
Head Supply Chain  
Management, APMEA,  
Apollo Tyres

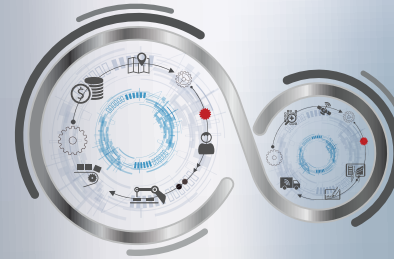

NC Chakrabarti  
VP & Head, Smart  
Manufacturing  
Technology, Reliance  
Industries

Bappa Bandyopadhyay  
Director, Operations and  
Projects – A India, Henkel

## ABOUT THE EVENT

At present, India's manufacturing sector contributes 17% to the GDP, against the benchmark of 30% in strong manufacturing economies. To stay competitive, India has to take giant strides with the help of emerging technologies that will push the sector to grow. The **2<sup>nd</sup> Annual Smart Manufacturing Summit** brings together innovators, influencers and early adopters of breakthrough technology & trends to discuss the changing approach of the manufacturing ecosystem. It is designed specially to create an unparalleled learning experience for Indian manufacturing companies, who are on a continuous search for innovation and trends that will lead them to build world class factories that complement governments vision of "Make in India".

SILVER PARTNER

## AGENDA

**09:00** Registration and refreshments

09:45 Welcome Address by ITP Publishing India

09:50 Welcome Address by the Conference Chair

09:55 Key Note Address by the Chief Guest

10:10 Special Address by Mitsubishi Electric India

**10:20 Smart Manufacturing: Confluence of trends that promises to re-shape the future of manufacturing.**  
Special address to highlight the changing landscape of manufacturing trends & its adoption in India.

**10:35 Power Panel 1: Manufacturing in the digital era**  
- Design & operations of smart products & plants.  
- Adopting intelligent configurations of production systems.  
- Managing an efficient supply chain.  
- Securing digital transformation initiatives.

**Panellists:**  
**Sanjiv Kumar Jain**, CIO, Spark Minda  
**Swapan Gayen**, CIO, Bharat Seats  
**NC Chakrabarti**, VP & Head, Smart Manufacturing Technology, Reliance Industries  
**Bappa Bandyopadhyay**, Director, Operations and Projects – A India, Henkel Adhesive Technologies

**11:35 Partner Presentation: 1**  
**Shop floor technologies for building smart factories.**  
Technologies helping companies to build world class products and achieve excellence.

**11:45 Refreshment and Networking Break**

**12:00 Partner presentation: 2**  
**IoT & Big Data: Role of sensors and Big Data**

**12.15 Power Panel 2: CXO dialogue**  
- How manufacturing is transforming the look, systems, and processes of the modern factory.  
- How companies are maintaining an edge with customers who are seeking their own gains from innovation.  
- What breakthrough equipment, ideas, and processes will have the greatest impact on factory environments?

**Panellists:**  
**Karan Anand**, Dy. MD, Hella Automotives India  
**Palash Roy Chowdhury**, MD, Pratt and Whitney  
**Jagmohan Singh**, Regional Director India, Sri Lanka & Maldives  
**Ravindra Dayal**, Executive Director, Maruti Suzuki

**13.15 Networking Lunch**

**14.15 Partner presentation: 3**  
**Additive Manufacturing/3D Printing**  
Technology innovation for building world class products.

**14.30 Partner presentation: 4**  
**Power of data and mobility for quick decision making. Deep dive session on Data Analytics & Mobility into manufacturing**  
This session will allow the audience to take the centre stage and talk about smart manufacturing. Top 3 Presenters will be awarded at the end of the conference.

**14.45 Industry Note: "Industry 4.0 is a must for the aerospace industry. Why are Indian companies only talking about it and there is little implementation?" by Kishore Jayaraman, President, India & South Asia, Rolls Royce**

**15.00 Industry Talk: Distributed Manufacturing**

**15.15 Partner presentation: 5**  
**Managing cost through sustainable measures**

**15.30 Networking and Refreshment break**

**16.00 Power Panel 3**  
**Lean across the sectors**  
- What it takes to be energy efficient and sustainable  
- Maximising productivity through planning, directing and running daily operations  
- Assurance of product quality through sustainable measures  
- Increasing assets capacity and flexibility

**Panellists:**  
**Anand Maithani**, Head, SCM, APMEA

**17.00 Felicitation Ceremony**  
We will felicitate technology leaders & CEOs of manufacturing companies for their exceptional work.

**17:30 Close of Conference**

## REASONS TO ATTEND

Thought Leadership

Unparalleled Learning

Insights on Latest Manufacturing Trends

Peer Group Networking

Panel Discussion

Open Discussion

Felicitation

## TARGET INDUSTRIES

Automotive

Auto Ancillary

Heavy Engineering

Aerospace

Defense

Electronics & Electrical

Pharmaceutical

Food & Beverage

Textile

Plastics & Polymers

Steel

Chemical

Oil & Gas

Power

Ship Building

Equipment & Components

Manufacturing

Rubber

## WHAT SPONSORSHIP CAN DO FOR YOU?

### STRIKE!

Gain visibility as a Smart Manufacturing Summit sponsor.

### MEET

Opportunity to meet, network and collaborate with decision makers from the companies and industries you most want to reach.

### AWARE

Influence decision making and grow awareness about your solutions and products.

### RECALL

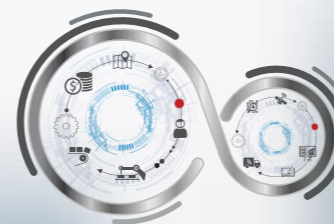

Increase your brand awareness and secure face time with industry professionals you won't meet anywhere else.

### TRADEMARK

Showcase your brand strengths, achievements and highlights throughout the event including networking breaks.
