Welcome

Medical Sociology 2017 invites you to the 2nd World Congress Medical Sociology & Community Health which will be held in September 25-26, 2017 at Atlanta, USA. We hope that Medical Sociology 2017 will provide new dimensions to the current research in the field of Medical Sociology, Sociology, Medical Anthropology, Healthcare, Mental Health, Gender, Race & Ethnicity, Patient safety and Global Health. It is one of the largest innovative platforms for sharing research work, exchanging ideas, discussing issues, promoting research, encouraging young minds by and among the leaders in the field of Medical Sociology and Public Health including Medical Sociologists, Sociologists, Social Workers, Anthropologists, Healthcare Professionals, Physicians, Public health specialists and Policy makers, Students, Researchers and Academicians with a vested interest in Medical Sociology and Public Health.

Conference Highlights:

Medical Sociology and Illness
Medical Sociology and Healthcare
Medical Sociology and Epidemiology
Medical Sociology and Public Health

Medical Sociology and Medical Anthropology
Medical Sociology and Health Policies
Medical Sociology and Sociological Theory
Medical Sociology and Gender

Medical Sociology and Addiction
Medical Sociology and Nursing
Medical Sociology and Pain Management
Medical Sociology and Mental Health
