Accommodation

A large number of rooms have been reserved. Discounted room rates for Global Nursing Practice 2018 participants are proposed. Only reservations made through the Conference will benefit these rates. The Congress Center can be easily reached by Public transportation.

Exhibition and Sponsorship

An Exhibition will be held concurrently with the Congress. The coffee break and lunch areas will be located adjacent to the booths. Thanks to exhibitors from all over the world, attendees will have a complete overview of new findings in the field of Nursing Research & Evidence Based Practice Conference.

About Tokyo

Tokyo is a mega-metropolis of dizzying contradictions, both familiar and foreign. It has neon, skyscrapers, and salaryman crowds, packed trains, cutting-edge architecture and futuristic technology. But it also has ancient shrines, plant-covered wooden houses, cycling grannies, old-school sweet shops and village-like lanes. It is one of the planet's most densely populated cities (as any rush-hour train journey will demonstrate), with a hyperactive skyline that changes as regularly as the sun rises and sets. Yet it is also a city rooted in its traditions and in possession of a calm and efficient rhythm that belies its sprawling dimensions. And even though its home to a 13 million-plus population, trains run on time, there is no public litter and street crime is near non-existent. In short, it works. Another key enticement is the food – from sushi to soba, and everything in between. Tokyo is a nirvana for foodies, and has the world's highest volume of Michelin stars in a city.
