Auckland is a major city in New Zealand which is located in the upper North Island, Auckland is home to over 1.2 million people, which represents a third of New Zealand's total population and is the fastest growing area in the country. A coastal city, set amidst beautiful harbors, Auckland is a perfect blend of sophisticated city living and outdoor beauty that makes it one of the most desirable destinations in the world. This allows you to live where you choose – close to one of the beautiful north shore or eastern beaches, in the west near native bush, or in the city itself. Auckland's diverse landscapes provide countless opportunities to get immersed in nature. In the west, lush native rainforest plunges down the hills to meet the sea on dramatic black sand beaches, while the east's sheltered golden sand beaches are fringed with red-flowering pohutukawa trees. Auckland is a shopaholic's paradise, with everything from top-end designers to open air street markets. Discover the diverse range of cafes and restaurants offering cuisine from around the globe and check out the buzzing nightlife of the central city. Auckland's diverse population makes for cafes and restaurants offering an impressive span of international cuisine intermingled with shops selling everything from souvenir scarves of Moreno sheep's wool to designer shoes. Along the same streets find art galleries, entertainment venues, and of course the iconic Sky Tower, which gives visitors the best views of the city as well as a chance to take an exhilarating Sky Walk - a stroll around the outside of the tower - or Sky Jump.
