- Journal of Molecular Biomarkers & Diagnosis
- Journal of Molecular Imaging & Dynamics
- Journal of Molecular and Genetic Medicine

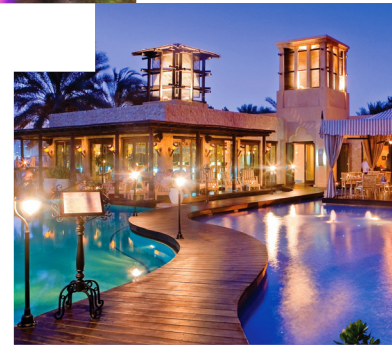

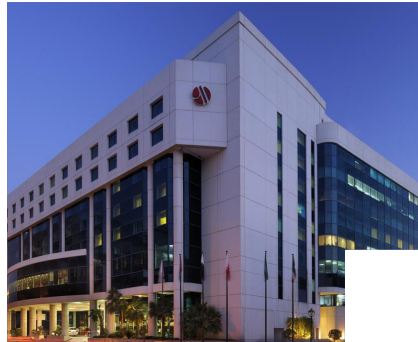

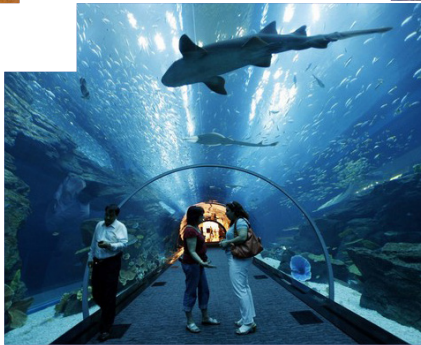

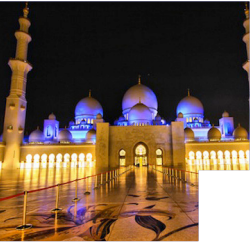

# Tentative Agenda

<b>Day 1 April 19, 2018</b>	
Opening Ceremony	
Conference Souvenir Launch	
Exploring the Modern Innovations in the Field of Molecular Medicine and Diagnostics	
Keynote Forum (& Exhibitions Full day)	
(Panel discussions and Reviews)	
Coffee Break: Networking & Refreshments	
Group Photo	
Speaker Forum	
Sessions Chair's Introduction	
Session 1: Molecular Medicine	
Session 2: Molecular Biology	
Session 3: Molecular pathology	
Session 4: Molecular Biomarkers	
Panel discussions and Reviews	
Lunch Break	
Session 5: Biochemistry	
Session 6: Molecular Biomarkers	
Panel discussions and Reviews	
Young Research Forum	
(Panel discussions and Reviews)	
Coffee Break: Networking & Refreshments

# Venue & Accommodation

Dubai, UAE

# About Dubai

Dubai is the largest and most populated city in the United Arab Emirates. Dubai emerged as a global city and business hub of the Middle East. The city of Dubai which has bold architecture, spectacular skylines and flourishing modern art scene. And it's also known for its fashion and style. Dubai does have a rich culture, though most of it is intangible, rooted in Bedouin heritage and traditions of storytelling, poetry, song and dance. Dubai is an exciting alchemy of profound traditions and ambitious futuristic vision wrapped into starkly evocative desert splendour. It is a superlative-craving society that has birthed audaciously high buildings and palm-shaped islands. It is an open society where it's easy for newcomers and visitors to connect with myriad experiences, it may be eating, dancing on the beach, shopping for local art or riding a camel in the desert. Dubai is a top trade meeting that hosts two huge annual shopping festivals. Dubai is a fertile environment which is favourable to breaking down cultural barriers and preconceptions. The UAE healthcare market is projected to reach \$19.5 billion (Dh71.56 billion) by 2020, achieving an annual average growth of 12.7 per cent, marginally higher than the GCC growth average.
