13TH INTERNATIONAL CONFERENCE ON
STRUCTURAL BIOLOGY
JULY 13-14, 2018 TORONTO, CANADA

<https://structuralbiology.conferenceseries.com/canada/>

Invitation

Dear Attendees,

Structural Biology is pleased to have your prodigious presence at “**13th International Conference on Structural Biology**” in Toronto, scheduled during **July 13-14, 2018**. The conference will bring together world-class Biologists, Bioinformats and professors to discuss strategies of molecular structures of biological macromolecules in this Structural Biology conference. **Structural Biology 2018** anticipates hundreds of delegates including keynote speakers, Oral presentations by renowned speakers and poster presentations by students besides delegates around the world. This conference is designed to provide diverse and current education that will keep biologists abreast of the issues affecting molecular structure of biological macromolecules. The Structural Biology 2018 will be organized around the theme “Latest Introducing New Ventures and Trends in Structural Biology”. It will be a wonderful opportunity for all the delegates as it provides an international networking opportunity to collaborate with the world class Structural Biologists Associations.

Sincerely,
Structural Biology 2018

JULY 13-14, 2018

After the successful completion of our earlier conference **Structural Biology 2017 (Zurich, Switzerland)**, we are glad to announce the commencement of our next conference, **Structural Biology 2018**. **Structural Biology 2018** delightfully welcomes once again all the researchers to share their experiences and ideas through talks and presentations from diverse fields in Structural Biology and its practices. This event provides an international platform in bringing together a forum for eminent researchers, students, postdocs, and business entrepreneurs to exchange their ideas and contributing an integrative approach to the diversified fields related to Structural Biology.

Toronto Canada

JULY 13-14, 2018
