Invitation

Dear Attendees,

We are glad to announce the 8th International Conference on Environmental Chemistry and Engineering to be held in Berlin, Germany from September 20-22, 2018 organized by Conference Series Ltd, Europe in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members.

Environmental Chemistry and Engineering deals with the theme “**Accentuating Novel Researches and Frontline Advances of Environmental Chemistry**”.

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Environmental Chemistry and Engineering Conference to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to Berlin this September.

Sincerely,

Environmental Chemistry 2018

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+  Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

Special Issues : All accepted abstracts will be

published in respective Conference Series LLC Journals

Each abstract will be provided with digital Object Identifier by

B2B Meetings

Environmental Chemistry 2018 conference welcomes all Chemist, Environmental scientists, Environmental researchers, online visitors ranging from Researchers, Academicians and Business professionals, who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

Environmental Chemistry 2018 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through

- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Environmental Chemistry present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Meet Your Objective Business sector With individuals from and around the globe concentrated on finding out about Environmental Chemistry, Chemical Engineering and Environmental Management, this is the best chance to achieve the biggest collection of members from everywhere throughout the World. Conduct shows, disperse data, meet with current, make a sprinkle with another product offering, and get name acknowledgment at this occasion. Widely acclaimed speakers, the latest methods, strategies, and the most up to date overhauls in Environmental Chemistry and Engineering are signs of this meeting.

Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Environmental and Chemical Engineering
- Discuss and apply recent research findings related to Environmental and Engineering
- Reflect on the place of critical distance in Environmental and Engineering

Who should attend

8th International Conference on Environmental Chemistry and Engineering is exclusively designed for Chemist, Scientists, Researchers, Physicists, Directors of Companies, Business people from Environmental and pharmaceutical Industries and others engaged in endeavors related to Environmental Chemistry and Engineering and business.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposia and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposia 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided

by  **Crossref**

Major Sessions

- Environmental Disasters
- Environmental Biotechnology and Molecular biology
- Environmental Ecosystem
- Environmental Technologies and sustainability Metrics
- Earth and Geochemistry
- Biogeochemical cycle
- Human population growth and Environment
- Environmental Education
- Environmental Chemistry and Engineering
- Environmental Biotechnology
- Pollution Control Chemistry and Green Chemistry
- Environmental Toxicology and Mutagenicity
- Energy and Environment
- Applications of Environmental Chemistry
- Environmental Design
- Environmental Hazards
- Chemical and Polymer Engineering
- Environmental Management and Policy
- Environmental Biology
- Environmental science
- Renewable Energy Sources and Storages
- Environmental Climatic factors
- Environmental Geology

About Berlin

Berlin is capital city of Germany with splendid textured history and, known as second most populous urban area in the European Union, located northern eastern Germany on the banks of Spree and Havel rivers and centre of Berlin-Brandenburg Metropolitan Region by temperate seasonal climate. About one-third of city composed of incredible beauty in its forests, rivers, and historical sites, rivers, canals and lakes. It is almost as lively at night as it is during the day and it has a unique, exciting atmosphere, which provides the visitor with a truly unforgettable experience.

It serves as a mainland hub for air, rail traffic and a highly complex public transportation network. It also includes Clusters of high-rise buildings emerge at disperse locations Potsdamer Platz, and Alexanderplatz and represents as previous centers of West and East Berlin. It has huge attractions inspire general classical style of city with various important heritage monuments reconstructed includes Forum Fridericianum, State Opera, Charlottenburg Palace and holds main monuments of the Gendarmenmarkt and Kommandantur.

It is one of Europe's successful researches, pharmaceuticals, biomedical engineering, clean tech, biotechnology, construction, electronics, business and technology clusters centered at WISTA in Berlin-Adlershof, with more than 1,000 affiliated firms, university departments and scientific institutions.

Berlin is the most coveted tourist destination, and hence the perfect place to hold such event.
