# Invitation

Meetings International proudly announces the **World Nephrology Congress** scheduled during **June 20-22, 2018** in **Paris, France**. The conference emphasizes the theme “**Novel Perspectives on Nephrology and Renal Care**”.

Meetings International provides an international dais for scientists and plant science professionals to Exchange Ideas, Knowledge and Networking at its **100+ International Conferences**. The importance of plants has come into spotlight in the recent years. Many of the floral species have become extinct due to the human activities. Thus, priorities are given for the plant research to produce more production to support the ever-growing population of the world.

Sincerely,  
Operating Committee  
CEO and Founder  
Meetings International PTE LTD.
