# Call for Papers

**Dear Colleagues/ Professors/ Students,**

International Academic Conferences promote international dissemination of knowledge and development of cross-national academic fraternity. The participants come from different backgrounds and countries. They share their researches, experiences and informally create long-lasting bonds.

It has been commonly observed that people lack the motivation and confidence of taking part in international events, basically due to self-made or cultural inhibitions.

We recognize this factor, and we make sure to support and motivate first timers and also seasoned academicians by:

- Generating your academic and professional relationships
- Boosting your morale and confidence of presenting your research in an international platform
- Clearing your inhibitions of adjusting to the foreign environment
- Providing a holistic experience of academic tourism

The participation in the international conference may be under following categories:

Original Research Articles/ Published Articles/ Research Poster/ Dissertation/ PhD Synopsis/  
Research Abstract/ Listener/ Co-author/ Absentia/ Abstract/ Paper/ Synopsis Submission

*Prospective authors are invited to submit Full Papers/ Abstract of Original Research work or, Synopsis of PhD/Dissertation, Published work, View-points or Way Forward/ Poster by filling the online application form.*

# Conference Themes

HealthCare Research	Life-Science Research
<p><b>Understanding of life-processes for possible academic, therapeutic or commercial applications</b></p> <p><b>Solutions for challenges in academics and practice</b></p> <p><b>Technologies for cleaner, healthier and sustainable environment</b></p> <p><b>Advanced technologies, devices, protocols and best practices</b></p> <p><b>Techniques for addressing sustainable food and energy challenges</b></p> <p><b>Innovations and ideas for improving the quality of health-care and the quality of life</b></p> <p><b>Novel therapeutic techniques</b></p> <p><b>Understanding of challenging diseases, epidemics and their management</b></p> <p><b>Innovative digital healthcare systems</b></p> <p><b>Management practices, operations and Logistics innovations for health and pharma industry</b></p> <p><b>Medical tourism</b></p> <p><b>Effective public health and sanitation models</b></p> <p><b>Novel rehabilitation techniques</b></p> <p><b>Innovation in Medical Education</b></p> <p><b>Disease modeling techniques</b></p> <p><b>Drug discovery, trials and development</b></p> <p><b>Other issues of interest related to healthcare</b></p>	<p><b>Biomedical Engineering and Systems</b></p> <p><b>Biomedical Signal Processing and Health Informatics</b></p> <p><b>Biomedicine Engineering</b></p> <p><b>Devices, Materials and Instrumentation</b></p> <p><b>Medical Imaging, Image and Signal Processing</b></p> <p><b>Modeling, Simulation, Systems and Control</b></p> <p><b>Stem Cells and Cancer Research and Treatment</b></p> <p><b>Cell Science and Stem Cell Research</b></p> <p><b>Stem Cell Transplantation</b></p> <p><b>Tumour Science</b></p> <p><b>Analysis of high throughput biological data</b></p> <p><b>Next generation sequencing and sequence analysis</b></p> <p><b>Healthcare and diseases</b></p> <p><b>E-health</b></p> <p><b>Bioscience Engineering</b></p> <p><b>Biomechanics</b></p> <p><b>Healthcare technology</b></p> <p><b>Bioinformatics and Computational Biology</b></p> <p><b>Structural Bioinformatics</b></p> <p><b>Advances in Biotechnology</b></p> <p><b>Applied Biotechnology</b></p> <p><b>Life Sciences (Zoology, Botany, Biochemistry, Microbiology, Ecology)</b></p> <p><b>Other issues of interest related to life-sciences</b></p>

# Registration/ Payment

Category	Registration Fee
Presenter	<b>USD 250</b>
Participation in Absentia	<b>USD 150</b>
Listener/ Co-author	<b>USD 200</b>
