

2nd World Heart Congress

May 14-16
2018
Tokyo, Japan

Theme:
A Changed Outlook
in Cardiology and
Healthcare

Conference Series welcomes you to attend the 2nd World Heart Congress, which is going to be held in Tokyo, Japan during May 14-16, 2018.

We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Cardiology and Healthcare.

Heart Congress 2018 anticipates more than 200 participants around the globe with thought provoking Keynote lectures, Oral Presentations and Poster Presentations. The attending delegates include Editorial Board Members of related International Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

The main theme of the conference is "A Changed Outlook in Cardiology and Healthcare".

Regards,

Heart Congress 2018

Operating Committee

Welcome Message

Dear Colleagues, Scientists and Friends,

As a Keynote Speaker and Organizing Committee Member, I would like to welcome you as distinguished guests to attend the **World Heart Congress** which will be held in the wonderful city of **Tokyo, Japan** during **May 14 – 16, 2018**.

I have found my previous visits to the city of Tokyo to provide me with both educational and fascinating experiences, as I was able to acquire a great deal of knowledge of the history and culture of the city of Tokyo and the great nation of Japan. Additionally, while visiting a variety of cities in Japan, I learned more about the nation's well-structured healthcare system and many of the benefits which the country's healthcare technological initiatives currently provide to many Japanese citizens.

The **World Heart Congress** meeting will be staffed with organizers with many professional attributes of great quality, and the selected venue will allow conference speakers and attendees opportunities to engage in collaborative efforts while learning more about some of the current trends and research practices applied to address factors relative to cardiovascular health. The **World Heart Congress** 2018 meeting has extended global outreach efforts to invite speakers and attendees from many nations around the world, who have an opportunity to witness the results of quality research efforts provided by attending world renowned cardiologists, cardiovascular specialists, physicians, health educators, and researchers. Such research efforts will place an emphasis on cardiovascular preventive medicine, research, epidemiology, and treatment practices.

We look forward to seeing you in Tokyo, Japan

Damien Byas
President, North American Scientific Committee
Cardiovascular Health, USA

The field of Cardiology and Healthcare is growing rapidly and its development is making tremendous impacts in nursing. The importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors.

Heart Congress 2018

- Opportunity to attend the presentations delivered by eminent scientists from all over the world
- Selected contributions will be published in following Conference Series Journals
 - Journal of Clinical & Experimental Cardiology
 - Journal of Cardiovascular Diseases & Diagnosis
 - Cardiovascular Pharmacology: Open Acces
- Participation in sessions on specific topics on which the conference is expected to achieve progress
- Global networking: In transferring and exchanging Ideas
- Share your excitement in promoting your skills in the field of designing
- Conference brings together Scientific Researchers, Business Entrepreneurs and Industry Developers

Testimonials for Heart Congress 2017, Japan

The team was highly professional and well organized while hosting the World Heart Congress. I look forward to attending next year's meeting and would also like to volunteer to assist the organizing committee.

.....**Damien Byas**

President, North American Scientific Committee on Cardiovascular Health, USA

I enjoyed the conference very much; interesting talks, nice participants and the wonderful place.

.....**Salva Reverentia Yurista**

University Medical Center Groningen, The Netherlands

Thank you for the opportunity to be able to participate in the World Heart Congress. It was nice to share my talk with the eminent cardiologists and researchers . I really enjoyed the conference

.....**Ashish K Saxena**

Diabetes and Heart Centre, India

World Heart Congress at Osaka was well organized. I think it was good practice for me ad now I know how I could be a better moderator.

.....**Mary Shibuya**

Gunma University, Japan

Heart Congress 2017 was a well organized confernece at Japan.The value of Conference Series organization was confirmed when I saw the rate of growing interest for this organization published in an independent leaflet presented below with graphs of the growth in Open Access Journals, number of readers, Editorial members and International conferences, in which I also learn the testimonies of many speakers, the number of 800 conference technicians who have organized 400 conferences in 5 years and show an impressive exponential rate of growing.

.....**Guy Hugues Fontaine**

Université Pierre et Marie Curie, France

It is the first time we are exhibiting at this event and it was a good experience as we got many positive feedbacks from the attendees who have joined us from all over the world and networking at World Heart Congress, Osaka.

.....**Filomena Lamsis**

ALERE, Singapore

Thank you for a great conference in Osaka. I had a great time, both enjoying the diverse and very interesting sessions/speakers, meeting lots of great people while also being able to see a little bit of Japan for the first time ever.

.....**Tomas Larsen**

Sørlandet Sykehus, Norway

Just wanted to say thank you for the experience of presenting at World Heart Congress this year. I enjoyed the whole event. Thank you again.

.....**Richultz C. Montevirgen**

World Citi Medical Center, Philippines

It was a great pleasure to be a part of this successful conference at Japan

.....**Beder Gustavo Farez**

President, Argentine Federation of Cardiology

Testimonials for Heart Congress 2017, Japan

It was a well organized event with many attendees and diverse presentations.

.....**Ramon Hernandez-Molina**
Atletico de Madrid Football Club, Spain

The World Heart Congress went really great. It was perfect organized, speakers were outstanding. It was tremendous opportunity to learn, and was extremely insightful. The venue was truly beautiful. I appreciate all your time and effort.

.....**Galya Atanasova**
Medical University Pleven, Bulgaria

Heart Congress 2017 at Japan was interesting and well organized.

.....**Bambang Budiono**
Awal Bros Hospital Makassar, Indonesia

I enjoyed the World Heart Congress at Osaka. It was a good and knowledgeable experience.

.....**Zara Berg**
University of Hawaii, USA

World Heart Congress held in Osaka was amazing and a good experience.

.....**Evan Hindoro**
Belitung Timur General Hospital, Indonesia

International Journals

- 900 Open Access Journals
- 21 Day rapid review process
- 30000 Editorial team, 35000 Reviewers team
- 3.5 Million readers and high visibility
- More than 100000 
- Publication immediately after acceptance
- Quality and quick editorial, review processing

Key features

- User friendly/feasible website translation of your paper to 50 world's leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

Conference Series Conferences

- 1000 Conferences all over the World every year
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

Key features

- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- Connecting scientific community

Tokyo is Japan's capital and the largest metropolitan area in the world. It is also one of Japan's 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city center. The Izu and Ogasawara Islands are also part of Tokyo. Prior to 1868, Tokyo was known as Edo. A small castle town in the 16th century, Edo became Japan's political center in 1603 when Tokugawa Ieyasu established his feudal government there. A few decades later, Edo had grown into one of the world's most populous cities. With the Meiji Restoration of 1868, the emperor and capital moved from Kyoto to Edo, which was renamed Tokyo ("Eastern Capital").

World's highest Skywalk- the Tokyo Sky tree is the tallest free-standing tower in the world, measuring 634m. The observation deck at 450m is the world's highest skywalk and offers panoramic views of the city.

Tokyo is a fascinating city, where the latest trends and the oldest traditions meet. From ancient cherry-blossom festivals to the vibrant Harajuku neighbourhood. Tokyo offers a seemingly unlimited choice of shopping, entertainment, culture and dining to its visitors.

The city's history can be appreciated in districts such as Asakusa, and in many excellent museums, historic temples and gardens. Contrary to common perception, Tokyo also offers a number of attractive green spaces in the city centre and within relatively short train rides at its outskirts.

Important Dates

Abstract submission opens: July 03, 2017

Registration opens: July 03, 2017

Early bird registration: October 10, 2017

On spot registration: May 14, 2018

Venue

Imperial Hotel Tokyo

1-1 Uchisaiwai-Cho

1-Chome Chiyoda-Ku

Tokyo 100-8558 Japan

Abstract Submission

Day 1 May 22, 2017

08:00-08:30 Registrations

Sapphire

conferenceseries.com

08:30-09:00 Opening Ceremony

Keynote Forum

09:00-09:50 **Title: Current status and the future direction of atrial fibrillation ablation**
Kazutaka Aonuma, Director, Cardiovascular Division, Tsukuba University Hospital, Japan

09:50-10:40 **Title: Visceral obesity, adiponectin and atherosclerosis**
Yuji Matsuzawa, President, International Atherosclerosis Society, Japan

Group Photo

Networking and Refreshments Break: 10:40-10:55 @ Foyer

Sessions:

Heart Disease & Failure | Interventional Cardiology | Diabetes, Obesity & Stroke

Session Chair: Beder Farez, Universidad Católica de Cuyo, Argentina

Session Co-Chair: Salva Reverentia Yurista, University Medical Center Groningen, The Netherlands

Session Introduction

10:55-11:20 **Title: The use of direct heart hypothermia by METcooler reduces microvascular obstruction and left ventricular systolic function impairment in animal experimental model of myocardial infarction - ongoing study**
Tomasz M Kameczura, Rzeszów University, Poland

11:20-11:45 **Title: Association between Apolipoprotein B/Apolipoprotein A1 ratio, pulse pressure and metabolic syndrome**
Galya Atanasova, Medical University Pleven, Bulgaria

11:45-12:10 **Title: Effect of Thyroid Disease on the Heart**
Ashish K Saxena, Diabetes and Heart Centre, India

12:10-12:35 **Title: Serum sP-Selectin level and brachial artery flow mediated dilation as predictors of no reflow in patients with ST segment elevation myocardial infarction undergoing primary PCI**
Ayman Saleh, Ain Shams University, Egypt

Lunch Break: 12:35-13:35 @ Regency Ballroom-E

13:35-14:00 **Title: Echo parameters on top of natriuretic peptides and clinical approach could reduce heart failure rehospitalizations**
Cornelia Zara, Theracardia Brasov, Romania

14:00-14:25 **Title: Williams Syndrome - Case report**
Gobinda Kanti Paul, Mymensingh Medical College & Hospital, Bangladesh

14:25-14:50 **Title: Rho-associated kinase inhibitors promote the cardiac differentiation of embryonic and induced pluripotent stem cells**
Jun-Yang Liou, NHRI, Taiwan

Workshop

14:50-15:40 **Title: MicroRNA based therapy in disease models of heart failure and stroke**
Carola Y. Förster, University of Würzburg, Germany

Networking and Refreshments Break: 15:40-16:00 @ Foyer

Previous Scientific Program

Sessions:

Cardiac and Cardiovascular Research | Heart Diagnosis

Session Chair: Damien Byas, North American Scientific Committee on Cardiovascular Health, USA

Session Co-Chair: Tomasz Kameczura, NewTechMed LLC, Poland

- 16:00-16:15** **Title: Audio - Video Presentation by the Exhibitor**
Alere, Singapore
- 16:15-16:40** **Title: How to evaluate the diastolic function by Echocardiogram in the routine practice**
Beder Gustavo Farez, Universidad Católica de Cuyo, Argentina
- 16:40-17:05** **Title: Should thrombus aspiration be routinely used in ACS-STEMI with TIMI-0 flow**
Bambang Budiono, Awal Bros Hospital Makassar, Indonesia
- 17:05-17:30** **Title: Clinical and angiographic profile of patients with complete heart block**
Kavya Pingali, Osmania General Hospital, India
- 17:30-17:55** **Title: Development of nano carriers for medical diagnosis and treatment**
Donglu Shi, Tongji University School of Medicine, China

Day 2 May 23, 2017

Sapphire

Keynote Forum

- 09:00-09:50** **Title: Advances in the understanding of inherited cardiomyopathies**
Guy Hugues Fontaine, Professor, Université Pierre et Marie Curie, France
- 09:50-10:40** **Title: Examining risk factors associated with worldwide sudden cardiac death rates in children and adults**
Damien Byas, President, North American Scientific Committee on Cardiovascular Health, USA

Networking and Refreshments Break: 10:40-10:55 @ Foyer

Sessions:

Case Reports on Cardiology | Pediatric Cardiology | Heart Devices

Session Chair: Guy Hugues Fontaine, Université Pierre et Marie Curie, France

Session Co-Chair: Bambang Budiono, Awal Bros Hospital Makassar, Indonesia

Session Introduction

- 10:55-11:20** **Title: Vasoactive effects of a new nitric oxide donating acetylsalicylic derivative**
Attila Czompa, University of Debrecen, Hungary
- 11:20-11:45** **Title: The insular cortex and Takotsubo cardiomyopathy**
Michiaki Nagai, Hiroshima City Asa Hospital, Hiroshima, Japan
- 12:10-12:35** **Title: The use of new oral anticoagulant in cerebral venous sinus thrombosis: Alternative therapy with excellent result**
Ima A. Kusuma, JIH Hospital, Indonesia

Lunch Break: 12:35-13:35 @ Regency Ballroom-E

- 13:35-14:00** **Title: A study of indications, complications of prosthetic valves and prognosis after treatment of stuck valve**
Kavya Pingali, Osmania General Hospital, India
- 14:00-14:25** **Title: Correlation between lipid profile and coronary angiography findings in coronary artery disease**
Evan Hindoro, Belitung Timur General Hospital, Indonesia
- 14:25-14:50** **Title: HFpEF: Cardiovascular abnormalities not just comorbidities**
Samer Ellahham, Chief Quality Officer, SKMC, Cleveland Clinic, UAE

Previous Scientific Program

Workshop

14:50-15:30 **Title: Therapeutic Hypothermia for OHCA and Stroke**
Guy Hugues Fontaine, Université Pierre et Marie Curie , France

Poster Presentations @ 15:30-16:15

- HC01** **Title: Case report-The role of MSCT in acute chest pain; detection aortic dissection mimicking acute coronary syndrome**
Pratifthrie Avialita Shanti, University of Indonesia, Indonesia
- HC02** **Title: Economic burden and prevalence of atrial fibrillation imposed on District General Hospital in the UK**
Venkat Tirilapur, Frimley Park Hospital, UK
- HC03** **Title: Role of Opioid receptors signaling in electroacupuncture - induced protection against Ischemia/ Reperfusion Injury in Rat Hearts**
Jen-Hwey Chiu, National Yang-Ming University, Taiwan
- HC04** **Title: Left atrial function as a predictor of changes in residual renal function in patients with peritoneal dialysis**
Duo Huang, University of Hong Kong, Hong Kong
- HC05** **Title: Association of periodontitis with subclinical cardiac dysfunction in diabetic patients**
Zhen Zhe, University of Hong Kong, Hong Kong
- HC06** **Title: Differences in the risk factors and inpatients outcomes of patients with Acute Myocardial Infarction by race in Durres population**
Eliverta Zera, Durres Regional Hospital, Albania
- HC07** **Title: Presumed hepatitis C associated cardiomyopathy in young adult**
Lusiani, Cipto Mangunkusumo General Hospital, Indonesia
- HC08** **Title: Concealed accessories pathways presenting with recurrent orthodromic atrioventricular reentrant tachycardia in young children: To ablate or not? (A Case Report)**
Evan Hindoro, Belitung Timur General Hospital, Indonesia
- HC09** **Title: Pulmonary atresia and ventricular septal defect with major aorto-pulmonary collateral arteries**
Evan Hindoro, Belitung Timur General Hospital, Indonesia
- HC10** **Title: Metabolic fingerprinting in patients with acute pulmonary embolism**
Izabela Kiluk, Medical University of Bialystok, Poland
- HC11** **Title: Cardiomyopathy in systemic lupus erythematosus (SLE) patient**
Annisa Ratya, Cipto Mangunkusumo General Hospital, Indonesia

Networking and Refreshments Break: 16:15-16:30 @ Foyer

Sessions:

Cardiac Nursing | Case Reports on Cardiology

Session Chair: Galya Atanasova, Medical University Pleven, Bulgaria

Session Co-Chair: Cornelia Zara, Theracardia Brasov, Romania

Session Introduction

- 16:30-16:55** **Title: Vaso-vagal reflex in pediatric patients with cardiac catheterization: integrative literature review**
Tassaniya Kraisornawat, Sunpasitthiprasong hospital, Thailand
- 16:55-17:20** **Title: Effect of lipid levels as a risk factor of occurrence of coronary heart disease in rs pendidikan universitas hasanuddin, Makassar, Indonesia period October 1st 2014 – November 1st 2014**
Irham Khairi, Hasanuddin University, Indonesia
- 17:20-17:45** **Title: Blood group antigen (ABO and Rh) distribution in Myocardial Infarction (MCI) patients of Hail region in Saudi Arabia**
M.Parvaiz. Farshori, College of Medicine University of Hail, Saudi Arabia

Day 3 May 24, 2017

Sapphire

Keynote Forum

09:00-09:50 **Title: How can we change training for cardiovascular surgeons? A new way of looking at an old problem**
Rui MS Almeida, Vice President, Brazilian Society of Cardiovascular Surgery, Brazil

09:50-10:40 **Title: The importance of multidisciplinary approach to heart failure**
Samer Ellahham, Chief Quality Officer, SKMC, Cleveland Clinic, UAE

Networking and Refreshments Break: 10:40-10:55 @ Foyer

Sessions:

Heart Diagnosis | Cardiac and Cardiovascular Research

Session Chair: Carola Y. Förster, University of Würzburg, Germany

Session Co-Chair: Beder Farez, Universidad Católica de Cuyo, Argentina

Session Introduction

10:55-11:20 **Title: Football elite players: Special exercise practise and cardiac repercussions. Sport cardiac evaluation consensus is needed to prevent abnormal cardiovascular events**
Ramon Hernandez-Molina, Atletico de Madrid Football Club, Spain

11:20-11:45 **Title: Procedural safety and one month outcome of patients treated with magnesium bioresorbable scaffold**
Nicholas Chua, University of Technology MARA (UiTM), Malaysia

11:45-12:10 **Title: Association between hypomagnesaemia and hyperuricemia accompany more severe forms of atherosclerosis and inflammatory syndrome in patients with cardiovascular disease from Romania**
Ioan A. Gutiu, "Carol Davila" University of Medicine and Pharmacy, Bucharest

Workshop

12:10-12:50 **Title: Respiratory muscle training reduces significant stress level measured by the short term heart rate variability (HRV)**
Jerzy Dyczynski, Individualized Heart Health Acupuncture Clinic, Australia

Lunch Break: 12:50-13:50 @ Regency Ballroom-E

Special Session

13:50-14:15 **Title: Scientific and medical writing**
Mary Shibuya, Medical Editor(English), Japanese Society for Surgical Metabolism and Nutrition, Japan

Young Research Forum

14:15-14:30 **Title: Occupational exposure of pesticides plays a role in developing cardiovascular disease**
Zara Berg, University of Hawaii, USA

14:30-14:45 **Title: TIME IS LIMB: A case report of acute limb ischemia of the upper extremity**
Richultz C. Montevirgen, World Citi Medical Center, Philippines

14:45-15:00 **Title: Rivaroxaban and apixaban plasma concentrations at trough in patients with atrial fibrillation**
Fadiea Al-Aieshy, Karolinska Institute in Stockholm, Sweden

15:00-15:15 **Title: The association between the Selenium status of blood and the cardiovascular disease**
Hidenobu Matsuzaki, Gunma university, Japan

15:15-15:30 **Title: Transcatheter aortic valve replacement with the lotus valve for severe, symptomatic aortic stenosis: St. Luke's Medical Center Global City Heart Institute experience**
Sheryll Santos, St. Luke's Medical Center Global City Heart Institute, Philippines

15:30-15:45 **Title: Assessment of safety and efficacy of transcatheter aortic valve replacement among adult Filipinos with symptomatic severe stenotic bicuspid aortic valve**
Fontini Christi C. Cuenca, St. Luke's Medical Center Global City Heart Institute, Philippines

15:45-16:00 **Title: AMI in patients with non-occlusive coronary artery disease. A single center experience in Singapore**
Patrick John Cruz, Khoo Teck Puat Hospital in Singapore

Networking and Refreshments Break: 16:00-16:30 @ Foyer

Panel Discussion

Awards & Closing Ceremony
