

World Congress on

**Clinical, Pediatric and
Neuro Ophthalmology**

June 4-5, 2018

Osaka , Japan

*Blooming of Bionic Eye into
Vision*

Invitation

Conference Series heartily welcomes you all to its World Congress on Pediatric and Neuro-Ophthalmology between June 4 and 5, 2018 at Osaka, Japan. We cordially invite you to be a part of this conference, to share your knowledge and learn from your peers, in the field of Pediatric and Neuro Ophthalmology

Neuro-Ophthalmology 2018 anticipates more than 200 participants from around the world with key topics and speakers who could ignite sparks of new concepts and solutions in the field of Ophthalmology and Neuroscience. Key features of this conference include mind-boggling keynote speeches, oral presentations, and Poster presentations supervised by organizing Committee members of High affiliations. This is an excellent opportunity for the Delegate from Universities and Institutions to interact with the world class Scientists.

Academicians, Researchers, Scientists, Ophthalmologists, Neuro Ophthalmologists, Pediatric Ophthalmologists, Ophthalmology Researchers, Scholars, Ophthalmic masters, Health care Professionals, Business Delegates and Students are all welcome

Regards

**Neuro-Ophthalmology 2018
Scientific Committee**

Neuro Ophthalmology 2018

Day 1: June 4 , 2018

08:30-09:30 Registrations

Group Photo

09:30-10:30 Keynote Forum

10:30-10:45 Network & Refreshments Break*

10:45-13:00

Track 1: Neuro Ophthalmology

Track 2: Perception and Visual Cognition

Track 3: Pediatric Ophthalmology

13:00-13:45 Lunch Break**

13:45-16:00

Track 4: Infant Vision

Track 5: Clinical Ophthalmology

Track 6: Retinal Care

16:00-16:15 Network & Refreshments Break*

16:15-18:00

Track 7: Scrutiny of Visual Sensory System

Track 8: Eye Health

Day 2: June 5, 2018

08:30-09:30 Registrations

09:30-10:30 Keynote Forum

10:30-10:45 Network & Refreshments Break*

10:45-13:00

Track 9: Ocular and Neurologic Evaluation

Track 10: Cosmetic /Aesthetic ophthalmology

Track 11: Optometry and Vision science

13:00-13:45 Lunch Break**

13:45-16:00

Track 12: Vision Science and Technologies of Ophthalmology

Track 13: Neuroscience of Visual Impairment

Track 14: Recent Researches in Vision Science and Ophthalmology

About the Conference

World Congress on Clinical, Pediatric and Neuro Ophthalmology is awaiting for its footsteps on June 4-5, 2018 at Osaka, Japan which effectuates the great visualisation of Ophthalmologists, Neuro Ophthalmologists, Optometrist, Ophthalmology Researchers, Scholars, Faculty people, Ophthalmic masters and powers, young examiners and distinctive vision business visionaries from around the globe to make the social affair a perfect stage to dole out and get encounter, propel joint endeavours across over industry and educational world, and assess the 21st century game plans

Neuro Ophthalmology 2018

- **Opportunity to attend the presentations delivered by Neuro Ophthalmologists / Ophthalmic masters from all over the world**
- **Selected contributions will be published in following Conference Series Journals**
 - **Journal of Neuro-Ophthalmology Research**
 - **Journal of Clinical Ophthalmology**
 - **Ophthalmology Case Reports**
- **Participation in sessions on specific topics on which the conference is expected to achieve progress**
 - **Global networking: In transferring and exchanging Ideas**
- **Share your excitement in promoting your skills in the field of designing**
- **Conference brings together Scientific Researchers, Business Entrepreneurs and Industry Developers**

About Us

Conference Series LLC Journals

900 Open Access Journals

21 Day rapid review process

100000 Editorial team,

35000 Reviewers team & 25 Million readers and high visibility

More than 100000• Publication immediately after acceptance

Quality and quick editorial, review Processing

Key features

- User friendly/feasible website translation of your paper to 50 world's leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

Conference Series LLC Conferences

- 1000+ Conferences all over the World every year
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

About Osaka, Japan

OSAKA is the second largest city in Japan and the 13th largest city in the world, with a population of about 10.5 million people. Situated on a sheltered bay, it is also the commercial, shipping and industrial center of western Japan, the second major gateway to Japan after Tokyo and the transportation and communication hub of the Kansai region, with convenient connections to Kyoto, Nara, and Kobe, the Inland Sea area, and Shikoku, which are all nearby

Even though Osaka is flat as flat can be its name means **"big hill."** For a long time Osaka was the major commercial center of Japan. Until the late 19th century, about 70 percent of the country's wealth was concentrated in Osaka. People from Osaka and Kansai are regarded as more outgoing, pragmatic, independent and irreverent than other Japanese particularly those from Tokyo. They are more likely to jaywalk, gamble, show their feelings, display rude or inconsiderate behavior, smoke in no smoking areas, and show disdain for bureaucracy and rules. Osaka-ban, the Osaka dialect, is regarded as rough and crude by many other Japanese.

Osaka has quite a few deluxe hotels including a Hyatt and a Hilton. There are also quite a few standard hotels, hostels, and business hotels. Hotels are scattered all over town; some are located near the train main stations. The Minami (Namba) area and the Osaka Station (Umeda area) are the best places to look for business hotels.

Beauty of Osaka
