

SPONSORSHIP OPPORTUNITIES

5th International Conference on

Geological and Environmental Sustainability

August 13-14, 2018 Bali, Indonesia

our DELEGATE
is your CLIENT

Our Programme

Our programme aims to bridge the gap between basic and translational science, with an emphasis on large-scale approaches and innovative technologies in the fields of Geology, Environment, Soil Science, Remote Sensing & GIS, Mining and Civil Engineering.

We foster discussion and debate of the innovations by maximizing interactions, collaborations and networking opportunities for researchers and scientists from academia, industry, and Geology professionals.

5+ Keynote Sessions

10+ Scientific Sessions

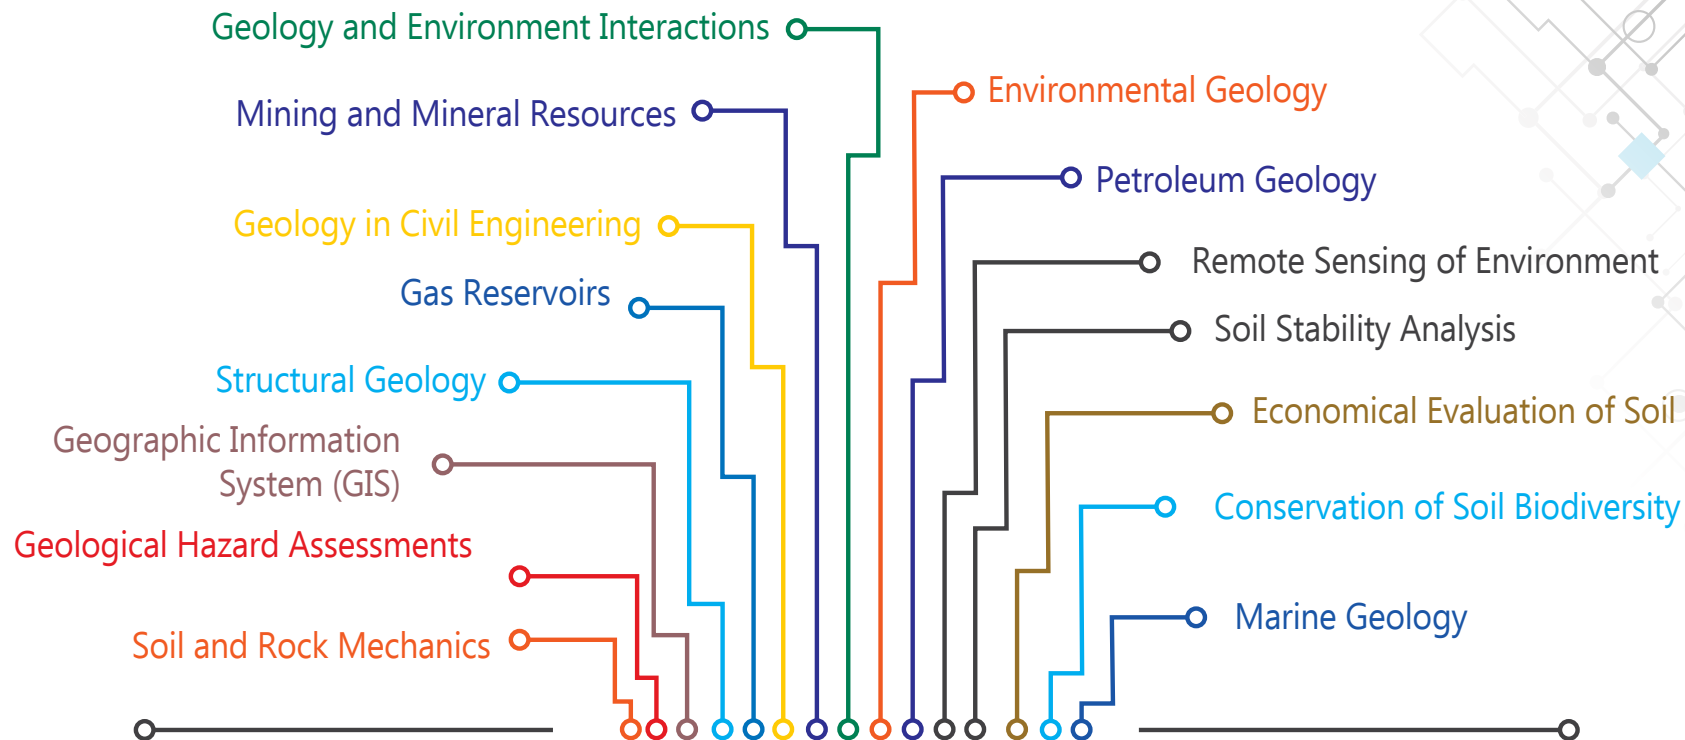

Workshops and
Special Sessions

40+ Oral
Presentations

25+ Poster
Presentations

Young
Researchers
Forum

Conference Sessions

GEOLOGY CONGRESS 2018

Venue & Hospitality

Bali is an island and province of Indonesia. It is located at the western most ends of the Lesser Sunda Islands, between Java to the west and Lombok to the east. Its capital, Denpasar, is located in the southern part of the island. Bali is a part of the Coral Triangle, the area with the highest biodiversity of marine species. In this area over 500 reefs building coral species can be found, which is approximately about 7 times as many as in the entire Caribbean.

Sandy coastlines, mountainous tropical forests, island of flowers, temples, surfing, scuba diving, spas, distinctive culture and friendly people makes Bali, one of the best tourist destination in Indonesia.

our DELEGATE is your CLIENT

Exhibitors and sponsors have the opportunity for face-to-face networking with leading scientists and clinicians, increase brand awareness, and develop collaborations with an international audience.

In 2016-2017, the top ten countries represented by our delegates were: United States, United Kingdom, Germany, Netherlands, Belgium, Sweden, Canada, France, Switzerland, Japan and Spain
