

## M.Kumarasamy College of Engineering

M.Kumarasamy College of Engineering established in the year 2000 by M.Kumarasamy Health and Educational Trust with a vision to provide technical education for all sections of the society and has made rapid strides on all fronts to achieve academic excellence in a short span of time. The college has earned a remarkable position in the field of technical education through the untiring efforts of the visionary management, competent faculty members and stupendous students. The institution has become a hub of technocrats and is marching towards new frontiers. The consistently good academic performance of the students coupled with excellent placement record portrays the quality of education being provided in the college. The mantra of success for the college emanates from its strong value system which gives prominence for developing responsible citizens to build a strong India.

### Objective of NCAMMCE-18

The objective of National Conference on Advancements in Mechanical, Manufacturing and Civil Engineering 2018 (NCAMMCE-18) is to present the latest research and findings of scientists, researchers, faculties, students in the areas of Mechanical, Manufacturing Management, Environmental and Civil Engineering. This conference provides opportunities for the delegates from different area to exchange new ideas, application and experience face to face interactions for establishing research relation and to

find partners for future collaboration. The organizing committee is pleased to invite authors to submit their unpublished original manuscripts.

### Topics of Interest (not limited to)

#### Mechanical stream:

3D Printing, CAD/ CAM/ CIM, Composite and Engineering Materials, Evolutionary Algorithms, Design and Analysis, Energy Engineering, Internal Combustion Engines and Fuels, Lean Manufacturing, Machine Learning, Manufacturing Modelling and Optimization, Metal cutting and Joining, Nano Materials and Machining.

#### Civil Stream:

Construction, Coastal Engineering and Management, Environmental Engineering and Green Technologies, Geotechnical Engineering, Infrastructure Management, Irrigation Engineering and Hydrology, Remote Sensing and GIS, Structural Engineering, Transportation Engineering.

### Registration Fee

Category	Registration Fee
Academician / Industry	Rs.500
Student / Research Scholar	Rs.300
Co-Authors (If Certificate needed)	Rs.100

### Important Date

Last Date for Full Paper Submission - 03.03.2018  
Intimation of Selection - 05.03.2018  
Conference Date - 09.03.2018

### How to Apply

Participants should send their unpublished full length manuscript to the concern mail ID. After the acceptance of the manuscript proceed for the payment. After payment send the payment proof (Transaction ID / DD No.) via email to us. The schedule of the presentation will be announced and communicated to your registered mail later. Atleast one author of the registered manuscript should present their manuscript.

### Mode of Payment

The conference fee payment can be made via online transfer (NEFT) or Demand Draft or Cash Deposit. The conference fee includes kit, lunch, refreshments and certificate.

### Account Details

Bank Name : Indian Overseas Bank  
Account Name : MKCE Mechanical Association  
Account No. : 246201000010414  
Branch Name : Thalavapalayam  
IFSC Code : IOBA0002462

DD should be drawn in favour of *MKCE Mechanical Association* payable at *Thalavapalayam*.

Note: Payment Proof should be sent to the concern mail ID after making payment along with manuscript ID.

### How to Reach

MKCE is situated on NH 7 and well connected by road. Frequent public transport is available from Karur, Namakkal and Salem.
