

5th IoT & AI Summit 2018

"Unleashing the bold era of IoT & AI innovation"

5th July 2018,
Sterlings Mac (Matthan Hotel)
Bangalore, India

#VIiot

AGENDA AT A GLANCE

Key Speakers Include

 **TULIKA PANDEY**
Director
Ministry of Electronics and Information Technology

 **JUERGEN HASE**
CEO
Unlimit powered by Reliance

 **SATISH JAMADAGNI**
Vice President
Reliance Jio

 **RAVICHANDRAN MAHADEVAN**
Vice President IoT - Moving Assets
SAP

 **SHEENAM OHRIE**
VP - Mobile & Search Engineering, Global IT
Dell

 **SRINIVAS KHANDAVILLI**
IoT/Smart Building Program Director
Intel

 **ANURAG JOSHI**
Director - Technical Support
Cisco

 **PAVAN KUMAR**
Director Product Management - IoT
SAP

 **PRANAV SAXENA**
Sr. Director Products
Flipkart

 **SUNIL DAVID**
Regional Director - IOT (India and ASEAN region)
AT&T

 **ASHISH BHATIA**
Senior Director and Global Head
Harman (a Samsung Company)

 **SANJAY PRASAD**
Chief Data Scientist, Global Industrial Products CoC
IBM

 **MAGESH SRINIVASAN**
Global Head - Connected Car & Deep Learning & AI
HCL Technologies

 **SENTHIL NATHAN C**
Research head, IoT Platform
Samsung R&D Institute

 **GURUNATHAN MURTHY**
CEO - Global business
ESDS Software

 **UTTAM KUMAR**
Head - IT & Innovations
Aircel

 **MADHUSUDAN SHEKAR**
Principal Evangelist
Amazon

 **RANGANATHAN PANCHAPAKESAN**
SME - Cognitive Analytics and IIoT
IBM

 **SUHAS SHIVANNA**
Distinguished Technologist and Strategist
Hewlett Packard Enterprise

Plus many more COMING SOON.....

5th IoT & AI Summit 2018

"Unleashing the bold era of IoT & AI innovation"

5th July 2018,
Sterlings Mac (Matthan Hotel)
Bangalore, India

"Extensive knowledge sharing sessions covered by major industry leader like Intel, Oracle etc. Fantastic presentations covered with Smart Cities, Digital Transformation & various business models of IOT"

DGM, Tata Communications

AGENDA AT A GLANCE

CONFERENCE INTRODUCTION:-

Virtue Insight warmly invites you to attend conference on 5th IoT & AI Summit 2018 during 5th of July 2018 at Bangalore - India. IoT & AI conference 2018 includes keynote presentations, Oral talks, Panel Discussions and Exhibitions.

The summit will host attendees including IT decision makers, developers, OEM's, government officials, automotive executives, operators, technology providers, investors, venture capitalists and many more. This event will showcase the most cutting edge technologies from numbers exhibitors and provide insight from over 30+ speakers sharing their unique industrial knowledge and real-life experiences.

This event will highlight the most innovative advancements in technologies which are affecting IoT. There will be dedicated tracks covering the entire Internet of Things ecosystem including Smart Transportation & Cities, Developing for the IoT, Connected Industry, IoT in Enterprise, IoT Innovations & Technologies and Data & Security.

So, this is the place to be if you want to discover today's rising companies within India hardware and IoT & AI scene and connect with the people reinventing the future of things.

It gives us immense pleasure in welcoming you to the 5th IoT & AI Summit 2018

KEY THEMES DISCUSSED IN THIS CONFERENCE:-

- Unlocking the revenue possibilities for IoT and AI
- Highlighting the importance of developing a multi-layered cybersecurity plan in disrupting a hacker's business model
- How to develop a secure IoT device strategy?
- The significance of connectivity to meet customer requirement and keeping a competitive edge
- Viabilities in a 2022 IoT marketplace - What companies will do?
- Anticipations for sectors that will see growth in the next 5 years and the ones which will fall by the wayside?
- IoT & AI for tomorrow - Projections for a connected world
- The significance of connected infrastructure for smart cities/transportations of the future
- Key strategies to successfully fund your IoT ideas
- Investigating the IoT start-up global viewpoint and how new businesses are entering the market.
- The next generation of connected vehicles
- Looking into the connected vehicle ecosystem in 2018 and beyond
- IoT and AI data analytics for smart decision making
- Obtain values from IoT data while using cloud analytics platforms
- Building intelligent data models with the help of big data
- Privacy and data security in the IoT & AI ecosystem
- Present regulatory framework on data privacy and security in India
- Securing the future and the blockchains for IoT security
- How organizations throughout the ecosystem cooperate to insure stronger security?
- Network in our combined exhibition and catering area
- Evening networking reception for all attendees

AN EVENT TO VOW

5th IoT & AI Summit 2018 is the place to meet all the key decision makers across the entire Internet of Things eco-system from enterprises, telecom operators, regulators, government agencies, service providers, system integrators and vendors. This summit will provide great networking opportunities with industry leaders, presenting you with the opportunity to meet and do business with likeminded individuals. Get more from the event, with a broader scope bringing the whole communications value chain together, Enjoy and make the best out of our dedicated networking time, meet the leading international vendors. Expand your knowledge of the latest business models and strategies in the high-level conference, showcasing the products of tomorrow in the co-located exhibition.

WHY EXHIBIT?

Make Sales
Debut new products
Profile your brand
Meet new business partners
Develop key relationships
Educate pharma and biotech companies

WHO WILL YOU MEET

Business managers, IT professionals and Channel managers should all be present at the 5th IoT & AI Summit 2018. All job titles starting from the top management from the following categories:

CISOs, Security Consultants, CTOs, Device Manufacturers, Sensors and Embedded Systems Companies, Systems Integrators, Enterprise Product management and development, Service Providers - Fixed, Wireless and Satellite, Developers, Content and Contact Managers, Technology, Product, Strategy, Storage, Business Analysts, Database/Data Center, Hosting, Training, System and Network Integrators, Data Center Managers, Telecoms and Tech, Compliance and Policy, Network Administrators

Organized by

Plot No - 07 - 2nd Floor

5th IoT & AI Summit 2018

"Unleashing the bold era of IoT & AI innovation"

5th July 2018,
Sterlings Mac (Matthan Hotel)
Bangalore, India

"Excellent moderation by Lux Rao & the topic on Revenue streams with IOT. Insightful talk by Juergen Hase and "Application of IOT & cognitive for business" was a good session"

AVP Software, SLK Software Services

AGENDA AT A GLANCE

DAY ONE - 5th July 2018

08:30 - Coffee and registration - An opportunity to meet and to network with your conference colleagues.

09:20 - Chairperson opening remarks

BUSINESS MODELS

09:30 / Topic TBC

JUERGEN HASE
CEO
Unlimit powered by Reliance

10:00 / How to develop a secure IoT device strategy

- The significance of connectivity to meet customer requirement and keeping a competitive edge
- View of the hackers - investigate how hackers control and provide an analysis of how threats travel in the current connected landscape
- Highlighting the importance of developing a multi-layered cybersecurity plan in disrupting a hacker's business model
- Employing vulnerabilities slipped through connected devices on the edge by altering the security strategy

10:30 - Morning Coffee/Tea & Discussion

CHALLENGES & OPPORTUNITIES

11:00 / DISCUSSION WITH EXPERTS: Viabilities in a 2022 IoT & AI marketplace - What companies will do?

- Anticipations for sectors that will see growth in the next 5 years and the ones which will fall by the wayside?
- Role of other disruptive tech like AI, machine learning and blockchain to IoT.
- What is the growth predicts for territorial and worldwide markets? How divided is the market & how big is the entrance barrier? Which sectors are anticipated to indicate the biggest growth and success?
- What are the newest technologies, platforms and solutions that help achieve connectivity?
- What are the possibilities IoT & AI delivers for the developers and how to continuously benefit growth for this specific industry?
- Hardware and platforms and how are they impacting the current market? What are the newest innovations within IoT software
- Legal Considerations for IoT & AI devices for consumer protection

Moderator:

Panellists:

TULIKA PANDEY
Director
Ministry of Electronics and Information Technology

PAVAN KUMAR
Director Product Management - IoT
SAP

SUNIL DAVID
Regional Director - IOT (India and ASEAN region)
AT&T

ASHISH BHATIA
Senior Director and Global Head
Harman (a Samsung Company)

SANJAY PRASAD
Chief Data Scientist, Global Industrial Products CoC
IBM

11:50 / DISCUSSION WITH EXPERTS: IoT tomorrow - Projections for a connected world

- Looking into connectivity in the world of IoT with diversified networks and possible restrictions of embedded devices
- Addressing core ideas that can determine healthcare technologies based on the IoT
- Preparing situations and open impacts that must be dealt to make IoT-based healthcare technologies strong.
- The significance of connected infrastructure for smart cities/transportations of the future
- How the IoT can be used to help cities reach their sustainability development goals?
- Employing geo-location technology that can be implemented on health, industry, maintenance, distribution, logistics, agriculture, etc?
- Applying cloud analytics platforms to derive value from IoT / AI data vs physical gateways -pros and cons

Moderator:

Panellists:

ANURAG JOSHI
Director - Technical Support
Cisco

SRINIVAS KHANDAVILLI
IoT/Smart Building Program Director
Intel

MAGESH SRINIVASAN
Global Head - Connected Car & Deep Learning & A.I
HCL Technologies

UTTAM KUMAR
Head - IT & Innovations
Aircel

5th IoT & AI Summit 2018

"Unleashing the bold era of IoT & AI innovation"

5th July 2018,
Sterlings Mac (Matthan Hotel)
Bangalore, India

"Very Insightful – Sumeet Tandure, Regional Presales Manager,
Hitachi Data Systems A good round table technical discussions.
Intelligent brains talking about intelligent devices."

Marketing Coordinator, Semtech

AGENDA AT A GLANCE

DAY ONE - 5th July 2018

12:30 - Networking luncheon

Afternoon Chair person

13:30 / Key strategies to successfully fund your IoT ideas

- Investigating the IoT start-up global viewpoint and how new businesses are entering the market.
- Analyzing financing schemes capabilities and properties; crowd funding, VC investment, partnering with large organizations and more.
- Considering new directions to invest IoT projects using decentralised funding, ICOs etc
- What is the impact of the big organizations like Amazon/Facebook/Google and Microsoft on small organizations entering the IoT industry?

14:00 / The next generation of connected vehicles

- Looking into the connected vehicle ecosystem in 2018 and beyond
- Objectives for a smooth customer experience and the obstructions to be overcome
- Visualizations to get more connected and independent future for vehicles and mobility
- Future of connect vehicles ecosystems - What are the roles from start-ups to enterprises?

CONVERGING TECHNOLOGIES

14:30 / DISCUSSION WITH EXPERTS: IoT and AI data analytics for smart decision making

- Creating business intelligence by identifying target-rich, high-value data
- Obtain values from IoT data while using cloud analytics platforms
- IoT/ AI / Big Data value delivery. Wide spreading the barriers and how to overcome
- Modifying work traditions of IoT / AI data to establish business efficiency in real time data analytics
- Smart textiles, sensors and platforms researching innovations and analyzing which fields will provide future growth
- Operational intelligence to adopt machine learning and artificial intelligence to manufacturing industries to manage of its IoT devices
- Leaping towards AI - dealing the fundamental issues: Where should the responsibility behind AI lie?

Moderator:

Panellists:

RAVICHANDRAN MAHADEVAN
Vice President IoT - Moving Assets
SAP

SENTHIL NATHAN C
Research head, IoT Platform
Samsung R&D Institute

RANGANATHAN PANCHAPAKESAN
SME - Cognitive Analytics and IIoT
IBM

15:10 / Topic TBC

MADHUSUDAN SHEKAR
Principal Evangelist
Amazon

15:40 - Afternoon Tea/Coffee

PRIVACY & SECURITY OF THE IoT

16:00 / Privacy and data security in the IoT ecosystem

- Addressing the significance of the divergent points of the law on privacy and IoT
- Should users and organizations similarly view the concept of various privacies for the various networks their IoT devices are part of?
- Reviewing the role and effectiveness of standard organisations in IoT security.
- Present regulatory framework on data privacy and security in India

16:30 / DISCUSSION WITH EXPERTS: Securing the future and the blockchains for IoT security

- Solving the unusual challenges of IoT security that every company in the supply chain requires to realize the risks from chip vendors and software developers to service providers
- How organizations throughout the ecosystem cooperate to insure stronger security?
- Discussing and influencing several verticals to secure smart cities/connected vehicles etc.
- Is the identity and access management technologies the answer as the cloud is the new home of connectivity - How can we insure that IoT platforms are secured?
- Credibility and confidentiality of information by enabling data security in IoT and protecting integrity
- Larger volume of sensible data brings a bigger risk of data identity theft/ device manipulation/ data falsification/IP theft/ server and network manipulation etc. Discussing the risks and positive solutions
- How secured is your products from cybersecurity attacks? How to safely secure IoT products to limit user confidentiality worries as a potential barrier in the purchase decision
