This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

The main theme of the conference is “*The Future: Research on Prevention / Treatment Techniques for Cardiac Diseases*”.

Regards,
Heart Diseases Summit 2018
Operating Committee

Tentative Agenda

Heart Diseases Summit 2018

September 14, 2018 Friday

<i>Time</i>	<i>Session</i>
08:30-09:30	Registrations
09:30-11:30	Keynote Forum
	<i>Group Photo</i>
11:30-11:45	Network & Refreshments Break*
11:45-13:00	Heart Disease & Failure Heart Diagnosis & Devices
13:00-13:45	Lunch Break**
13:45-16:00	Cardiac Nursing and Healthcare Pediatric & Geriatric Cardiology
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Cardiovascular Surgeries Cardiologists Cardiovascular Toxicology and Pharmacology

Day Concludes

September 15, 2018 Saturday

<i>Time</i>	<i>Session</i>
08:30-09:30	Registrations
09:30-10:30	Keynote Forum
10:30-11:30	Cardio-Oncology Heart and Obesity Clinical Cardiology
11:30-11:45	Network & Refreshments Break*
	Cardiac Regeneration Cardiovascular Engineering
11:45-13:00	Nuclear Cardiology & Cardiac CT Molecular Cardiology & Hypertension
13:00-13:45	Lunch Break**
13:45-16:00	Vascular Heart Disease Myocardial and Pericardial Disease
16:00-16:15	Network & Refreshments Break*
16:15-18:00	Pediatric Cardiology Arrhythmias & Heart Regeneration Critical Cardiac Care Cardiovascular Diseases and Nutrition

Day Concludes

The field of Cardiology is growing rapidly and its development is making tremendous impacts in Pollution. The importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence various sectors.

Heart Diseases Summit 2018

- Opportunity to attend the presentations delivered by eminent scientists from all over the world*
- Selected contributions will be published in following Conference Series llc LTD Journals*
 - Cardiovascular Pharmacology: Open Access*
 - Journal of Clinical & Experimental Cardiology*
 - Journal of Cardiovascular Diseases & Diagnosis*
- Participation in sessions on specific topics on which the conference is expected to achieve progress*
- Global networking: In transferring and exchanging Ideas*
- Share your excitement in promoting your skills in the field of Cardiology*
- Conference brings together Scientific Researchers, Business Entrepreneurs and Industry Developers*

International Journals

- 900 Open Access Journals
- 21 Day rapid review process
- 30000 Editorial team, 35000 Reviewers team
- 3.5 Million readers and high visibility
- More than 100000 
- Publication immediately after acceptance
- Quality and quick editorial, review processing

Key features

- User friendly/feasible website translation of your paper to 50 world's leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

Conference Series llc LTD Conferences

- 1000 Conferences all over the World every year
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

Key features

- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- Connecting scientific community

Singapore, officially the Republic of Singapore, is a sovereign city-state and island country in Southeast Asia. It lies off the southern tip of the Malay Peninsula and is 137 kilometres (85 mi) north of the equator. The country's territory consists of the lozenge-shaped main island, commonly referred to as Singapore Island in English and Pulau Ujong in Malay, and more than 60 significantly smaller islets. Singapore is separated from Peninsular Malaysia by the Straits of Johor to the north and from Indonesia's Riau Islands by the Singapore Strait to the south. The country is highly urbanized, and little of the original vegetation remains. The country's territory has consistently expanded through land reclamation.

Singapore's progress over the past three decades has been remarkable, yet the island has not been overwhelmed by development. Visitors will discover a wealth of historical treasures from the past, in the beauty of older buildings, values and traditions that have survived in the face of profound social and geographical change.

Abstract Submission

<https://heartdiseases.conferenceseries.com/asiapacific/abstract-submission.php>

Note: All the relevant abstracts will be accepted and published in respective conference proceedings.

Registration

<https://heartdiseases.conferenceseries.com/asiapacific/registration.php>

Important Dates

Abstract submission opens: November 05, 2017

Registration opens: November 05, 2017

Early bird registration: April 15, 2018

On spot registration: September 14, 2018

Venue

*Holiday Inn Singapore Atrium
317 Outram Road Singapore
169075*
