# About Conference

BioLEAGUES Worldwide takes immense pleasure to extend our warm welcome to invite all the participants around the Globe to attend 3rd International Conference on Nursing and Healthcare which is going to be held at Bali, Indonesia 30<sup>th</sup> - 31<sup>st</sup> August 2018. Which will entail keynote presentations, Oral talks, Poster presentations and workshops based on essential topics in the Conference on Nursing and Healthcare.

3<sup>rd</sup> International Conference on Nursing and Healthcare talks about the most versatile professions in the world. Nursing is one such Nobel profession which is respected and appreciated across the globe. Though it is a versatile profession, it can be described as a profession within the health care sector focused on the care of individuals, families, and communities so they may attain, maintain, or recover optimal health and quality of life. Nurses are differentiated from other health care providers since the way they heal people and aligning to patient care and training are appreciated everywhere.

3<sup>rd</sup> International Conference on Nursing and Healthcare also talks about the independency that nurses have in their practice. Nurses practice in many specialties with differing levels of prescription authority. Generally this focussed on conference 3rd International Conference on Nursing and Healthcare talks about the responsibility of a nurse.

The 3<sup>rd</sup> International Conference on Nursing and Healthcare explains how trained nurses provide care within the guidance of doctors, and how this traditional role has shaped the public image of nurses as care providers and pain healers. Most of the nurses are permitted by most jurisdictions to practice independently in a variety of settings depending on training level, since this profession involves healing and caring for the society.

# Call for Abstract

- ◆ Rehabilitation nursing
- ◆ Geriatric Nursing
- ◆ Perianesthesia nursing

## GERONTOLOGY NURSE

- ◆ Geriatric Oncology
- ◆ Depression and Dementia
- ◆ Gerontology and Palliative Care
- ◆ Medication and Nutrition in Elderly

# About Bali

Bali is an island and province of Indonesia. The province includes the island of Bali and a few smaller neighbouring islands, notably Nusa Penida, Nusa Lembongan and Nusa Ceningan. It is located at the westernmost end of the Lesser Sunda Islands, with Java to the west and Lombok to the east. Its capital, Denpasar, is located in the southern part of the island.

Bali is a popular tourist destination, which has seen a significant rise in tourists since the 1980s. Tourism-related business makes up 80% of its economy. It is renowned for its highly developed arts, including traditional and modern dance, sculpture, painting, leather, metalworking and music. The Indonesian International Film Festival is held every year in Bali. In March 2017, TripAdvisor named Bali as the world's top destination in its Traveller's Choice award.
