Early Bird Registration: March 26, 2018

Abstract Submission Deadline: May 24, 2018

On-spot Registration : September 18, 2018

• SPONSORSHIP PACKAGES •

Our programme aims to bridge the gap between basic and translational science, with an emphasis on large-scale approaches and innovative technologies in the fields of Cardiology, Cardiac Surgery, Hypertension, Cardiac Nursing, Cardiovascular Medicine, Healthcare and many more.

We foster discussion and debate of the innovations by maximizing interactions, collaborations and networking opportunities for researchers and clinicians from academia, industry, and healthcare professionals. Exhibitors and sponsors have the opportunity for face-to-face networking with leading scientists and clinicians, increase brand awareness, and develop collaborations with an international audience.

BANGKOK CITY ATTRACTIONS 2018HCC

Bangkok is the favorite destination for tourism, research and shopping on account of its global connectivity, great infrastructure, friendly atmosphere and economic cost of living. All these factors contribute towards influence people's decision to come to Bangkok for medical care, treatment, and medical conferences. Bangkok along with the abundance of flight in and out of Bangkok International Airport, the ease of acquiring Visas on arrival, and a wide range of options for accommodation are also available. Bangkok also offers a vast offering of culinary delights, beaches, awesome food, astonishing sceneries, incredible architectures, shopping, and adventure activities.

So, this year **Cosmic Series** scheduled **2018 Healthcare and Cardiology Conferences (2018HCC)** in this generous and beautiful city Bangkok which is also known as the city of angels located in Thailand to bring together the world's best leading experts, researchers, healthcare professionals, pharmaceutical and medical devices companies, professors, business entrepreneurs and the most respected clinicians to exchange and share their meaningful experiences of various treatment procedures.
