Venue & Accommodation

Abu Dhabi, UAE

About Abu Dhabi

Abu Dhabi is the capital and the second most populous city of the United Arab Emirates and also capital of the Emirate of Abu Dhabi, the largest of the UAE's seven emirates. Abu Dhabi lies on a T-shaped island jutting into the Persian Gulf from the central western coast.

Abu Dhabi's rapid development and urbanization, coupled with the relatively high average income of its population, has transformed the city into a large and advanced metropolis. Today the city is the country's Centre of political and industrial activities, and a major cultural and commercial Centre, due to its position as the capital. Abu Dhabi accounts for about two-thirds of the roughly \$400-billion United Arab Emirates economy.
