

Pass PMP test first time with minimum time and effort.

Professional Project-Management

S-ProjectPro (PMP® Certification)
Your passport to Project Management proficiency

Program Overview

In a fast-moving, competitive economy, the job of the Project Manager is cut out. Shrinking budgets, tight deadlines and increasing emphasis on ROI or the benefits–cost ratio require the project managers to play strategic, multidisciplinary roles. The Professional Project-Management program helps a project manager acquire the critical knowledge and expertise to execute project management in a complex, modern-day scenario. It also helps practitioners gain a competitive advantage and fast-track their careers. The certification is more than just a milestone; it creates a continuous improvement path for the practitioners.

Uniqueness

To meet the objectives, the program is designed to have a harmonious blend of transformational and informational content.

Maximum value, minimum effort: Our PMP certification training program is designed to cut down your preparation time for the PMP test, enabling you to confidently take the exam within four to six weeks. Instead of elaborate learning by rote, our in-class methodologies are designed to equip candidates with a strong grasp of fundamentals, enabling them to pass the exam the first time with minimum preparation effort and time.

Transformational program: We go beyond solving test paper problems in the program and focus on delivering a transformational experience designed to motivate participants to go beyond the given, lead confidently, and respond effectively to challenges on the job. SABCONS aims to equip each participant with the practical know-how to start delivering from the Monday they resume work after training.

Why SABCONS?

- SABCONS programs equip participants with practical, deployable skills helping them smoothly transition into higher roles or assume larger spans of responsibilities.
- SABCONS facilitators come with proven experience in Project Management, Leadership & Strategy, having played key leadership roles in organizations around the world.
