Madrid, the capital of Spain is a modern metropolitan city and an economical and industrial center of Spain. With its population of nearly 3.5 million people, it is the biggest city in Spain. Although it is located in the center of the country, it has traditionally been the hub between different areas of Spain and is therefore connected to all major Spanish cities by train, road or air. Madrid has a lot of interesting attractions that offer both culture and amusement. The city is full of great monuments, like the royal palace, the Plaza Mayor or the many statuettes, and for people interested in art, the museums Del Prado, Reina Sofia or Thyssen have some of the most fantastic collections of famous Spanish painters like Velazquez, Goya, Picasso or Miro.
