AGENDA AT A GLANCE

CONFERENCE INTRODUCTION:-

In the ever-changing world of pharmaceuticals, it is important to stay on the top of recent developments in industry and regular regulatory updates and grasp the latest technologies that exist on the market. The Pharma Packaging, Labelling, Serialisation, Track and Trace 2018 conference organized by Virtue Insight will provide a great opportunity for learning and networking. The goal of the conference is to uncover the insights of the most emerging best practices and industry expertise in the field of packaging & labelling in the pharmaceutical sector. This conference attracts packaging, labelling, serialisation, track and trace and artwork experts from across big and small pharma, who come together to share case studies, discuss the current challenges and find solutions.

Discuss your packaging, labelling, serialization, track and trace, and brand protection programs with peers at this interactive conference. Share your views, find out what worked and what didn't work, and learn how others have tackled your challenges as per their expertise. This year we will be exploring topics, which affect both commercial labelling and packaging teams across small, medium and large pharma. We will have a co-presentation looking at the industries end-to-end labelling strategy to ensure companies are inspection ready while harnessing branding as a storytelling tool to remain relevant to your consumers, old and new. Coupled with this we aim to show ways through which the operational challenges of serialization can be overcome and improved to ensure you are meeting compliance standards.

We look forward to welcoming you to this conference for what is sure to be another year of insightful, interactive and informative panels, round tables and presentations which matter to you!

I look forward to seeing you there.
