

Neuroscience 2018

ANNUAL CONGRESS ON

NEUROSCIENCE & THERAPEUTICS

October 25-26, 2018 | Toronto, Canada

<https://www.meetingsint.com/conferences/neuroscience-therapeutics>

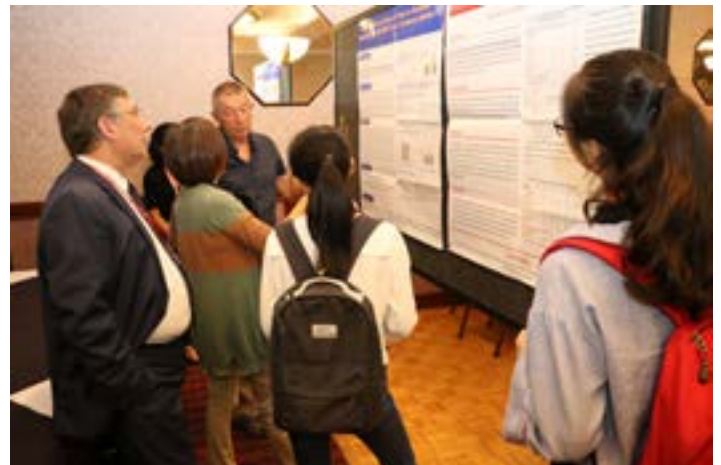

Invitation

Meetings International (Meetings Int.) proudly announces the **International Conference on Neuroscience and Therapeutics** to be held during **October 25-26, 2018** at **Toronto, Canada**. The conference emphasizes the theme “structure a superior brain by brain storming Neuroscience and therapeutics”.

Meetings International (Meetings Int.) is organizing 100+ Global events in this year is delight to welcome all the interested and enthusiastic participants across the globe to its prestigious Conference on Annual Congress of Neuroscience and Therapeutics. International Conference on Neuroscience and Therapeutics is an expedient platform for bringing together specialized academics, brain researchers, public health professionals, scientists, industry researchers and scholars around the world and celebrating their knowledge under one roof. This prestigious conference encourages new ideas for young researchers to enhance their skills and interact with the adepts of the sector. National seminars and workshops provide a dedicated platform for up gradation, execution and exchange of information about Neuroscience and its relevant aspects.

Sincerely,
Operating Committee
Neuroscience 2018
Meetings International

NEUROSCIENCE 2018

October 25th – 26th, 2018

Personal Message from Mayor Bonnie Crombie

On behalf of the City of Mississauga and Members of Council, I am delighted to offer my best wishes to the leadership, panellists, keynote speakers and participants of the Annual Congress on Neuroscience and Therapeutics.

As participants from across the globe come together to discuss and celebrate the “Structure a Superior Brain by Brain Storming Neuroscience and Therapeutics,” I would like to offer my best wishes for an engaging and stimulating discussion around recent accomplishments and challenges in the field of Neuroscience and

Therapeutics Developments.

The innovative ideas and knowledge exchanged at your conference will help improve the field of neuroscience and therapeutics by supporting the development of new techniques and applications that will improve global health for the benefit of us all.

Warmest Regards,

A handwritten signature in black ink that reads "Bonnie Crombie".

Bonnie Crombie, MBA, ICD.D
Mayor, City of Mississauga

Conference Highlights

- Neuroscience & Therapeutics
- Developmental & Evolutionary Neuroscience
- Central nervous system
- Neuroanatomy & Physiology
- Behavioural neuroscience & Neurophysiology
- Clinical neuroscience & Neurosurgery
- Cellular Neurology & Neuroplasticity
- Molecular neuroscience & Neural engineering
- Neuroimaging & Neuroinformatics (computational neuroscience)
- Neurological disorder
- Neuropharmacology
- Pediatric Neuromuscular Disorders
- Neuro-oncology
- Neurogenetics
- Neurogastronomy
- Neuroheuristics & Neuroethology

Meetings International offers

A unique platform for top level research and innovation

Day 1, October 25, 2018

Registrations

Hall

Opening Ceremony

Introduction

Keynote Session

Title: New Advances in Electrical NeuroImaging to Evaluate EEG Sources and Brain Networks

Robert W. Thatcher, Director, Applied Neuroscience Research Institute, USA

Title: Signature of neuroinflammation from pathophysiology to machine learning

Denis Gris, Associate professor FMSS, University de Sherbrooke, CANADA

Title: Solid lipid curcumin particles induce more cell death and inhibit autophagy mechanism than natural

Panchanan Maiti, Chief research scientist of Field Neurosciences Institute, Central Michigan University, USA

Speaker slot Available

Title: The Relation Between Egyptian Nutritional Factors And Multiple Sclerosis

Hatem Elawadi, Prince Sultan Medical Academy, International Center for Neuroscience Doha, Qatar, Cairo

Title: How to Reprogram & Rewire your Brain to do what you want

Chris Wyllie, Neuroplastician at The Game Changer, Licensed NLP Trainer & Master Practitioner, Hypnotist,

Speaker slot Available

Coffee Break

Neuroscience & Therapeutics: Recent Advance Treatment | Neuroimaging & computational neuroscience | Central nervous system | Neuroanatomy & Physiology | Behavioural neuroscience & Neurophysiology | Neurological disorder Diagnosis: Current trends, Advancements and Future Developments | Clinical neuroscience & Neurosurgery Current Challenges & New Innovations | Role of Neurologist in Neuro critical care | Cellular Neurology & Neuroplasticity | Therapeutic Anti-Dementia Vaccines | Molecular neuroscience & Neural engineering | Clinical Trials and New Drug Development | Neuropharmacology | Pediatric Neuromuscular Disorders

Session Chair: TBA Session Co-chair: TBA

Title: Effect of an Intermittent Photic Stimulation (IPS) on Electroencephalogram (EEG) of Females with

Binu Shrestha, Assistant Professor, Trinity School of Medicine, Department of Neuroscience

Speaker slot Available

Title: Iron Oxide Nanoparticles Alters Monoamine Levels in Mice Brain

Vijayprakash Manickam, Bharathiar University, India

Title: Self-esteem and self-image in group children from 6 to 11 year old with dental alterations

Maria Begona Tortolero, University Centroccidental Lisandro Alvarado, Venezuela

Title: Research tools in Psychiatric and Neurological Diseases: where we are and where we are heading to

Marna Eliana Sakalem, Sao Paulo State University (UNESP), Botucatu, Sao Paulo, Brazil.

Speaker slot Available

Title: Is there relationship between Toxoplasma gondii IgG seropositivity and idiopathic Parkinsonism and does it

Ahmed Abd El Rahman Daoud, Neuropsychiatry Department, Faculty of medicine, Tanta University Egypt

Title: Enrichment-dependent deficits in Hippocampal Neurogenesis mediated by familial Alzheimer's disease-

Sylvia Ortega Martinez, The University of Chicago, USA

Lunch

Title: Neuropsychological performance differences between two groups of probable-AD patients from different

Analucy Aury Vieira de Oliveira, Brazil

WE VALUE

To identify the future directions of research

Peer review and high quality publication

Quality research

Number of Attendees

200 +

● Societies, Universities & Hospitals
● Companies & Medical Firms

Number of Speakers and Presentations

32 +

Number of Sponsors and Exhibitors

10 +

Attendee Profile

● Director & Professors
● Senior Scientist
● Commercial/Business Dev

Explore Toronto

We welcome you to join us for this illustrious event at the beautiful city of Toronto, Canada. It is one of the most popular tourist destinations in the world. It attracts tourists who flock to the major attractions including the CNTower, Royal Ontario Museum, Art Gallery of Ontario, Nigra Fall, Ontario Science Centre, Toronto zoo and Canada's Wonderland, Toronto Island's and Fabulous shopping in Toronto.

Toronto is a city that offers so much fun in terms of culture with its museums, art galleries, science parks, waterfalls, events that continually take place in the city. Toronto's expat lifestyle is filled with fantastic restaurants, loads of shopping options, and great entertainment and nightlife venues.

TORONTO Attractions

Art Gellery

CN Tower

Niagara Falls

Royal Museum

Toronto Island

Royal Ontario Museum

Wonderland

Toronto, Canada

Toronto, Canada

Venue:

Toronto, Canada

Important Dates

Early Bird Registration Deadline: **July 31, 2018**

Abstract Submission Deadline: **July 30, 2018**

Registration
