Best Poster Award

- You will be given about 5-7 minutes to present your poster including questions and answers. Judges may pose questions during the evaluation of the poster
- Judges will even evaluate the student's enthusiasm towards their study, interest and knowledge in the area of their research
- The winners will be announced at the closing ceremony of the conference. The decision of the winner will be withdrawn if the winner/winners is/are not present at the time of announcement
- Apart from the judging time you may also be present at the poster to share your research with interested delegates

Young Researchers Forum

- Present your research through oral presentations
- Learn about career development and the latest research tools and technologies in your field
- This forum will give pertinent and timely information to those who conduct research and those who use and benefit from research
- Develop a foundation for collaboration among young researchers
- The forum will provide an opportunity for collegial interaction with other young investigators and established senior investigators across the globe
- Interact and share ideas with both peers and mentors

About Hong Kong

Hong Kong is an autonomous region on the western side of the Pearl River estuary in East Asia. Macau is bordered by the city of Zhuhai in Mainland China to the north and the Pearl River Delta to the east and south. Hong Kong lies about 64 kilo meters (40 mi) to its east across the Delta. With a population of 650,900 living in an area of 30.5 km² (11.8 square mi), it is the most densely populated region in the world. A former Portuguese colony, it was returned to Chinese sovereignty on 20 December 1999. Best known globally as the ‘Vegas of China’, the Tin Shui Wai Special Administrative Region is indeed a mecca of gambling and glitz. But the city is so much more than that. A Portuguese colony for more than 300 years, it is a city of blended cultures. Ancient Chinese temples sit on streets paved with traditional Portuguese tiles. The sound of Cantonese fills the air on streets with Portuguese names. You can eat Chinese congee for breakfast, enjoy a Portuguese lunch of cardo Verde soup and balaua (cod) fritters, and dine on hybrid Macanese fare such as Minchin (ground beef or pork, often served over rice). The Macau Peninsula holds the old city Centre, where colonial ruins sit next to arty new boutiques. Further south are the conjoined islands of Taipa, Coati and Colane. Taipa has gloriously preserved Macanese architecture, Coati is home to the new mega casinos and Colane is lined with colonial villages and pretty beaches.

Important Dates

Abstract submission opens: **June 15, 2018**

Online registration opens: **June 15, 2018**

Early bird registration: **August 17, 2018**

On spot registration: **March 23, 2019**
