MESSAGE FROM THE FOUNDER AND CHAIRPERSON

On behalf of the organizing team of the 7th International Genetic Disorders Conference and UAE International Genetic Disorders Prevention Award 2018, we are pleased to invite you to Dubai, UAE.

With rapidly changing landscape of innovation such as artificial intelligence, technologies of genome analyses including next generation sequencing and the informatics of huge data, epigenetic, genome sequences and medical information, are creating unprecedented opportunities for genetics, and paving way for offering more effective management and prevention as well as treatment tools and better quality of genes for the coming generation.

We look forward to welcoming you to our conference.

Dr. Maryam Matar

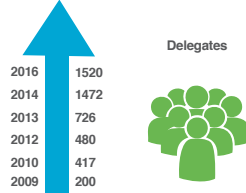

Founder and Chairperson
UAE Genetic Diseases Association

* WHO SHOULD ATTEND:

- Researchers in the field of Life Sciences and Biotechnology
- Policy Makers and Advisers in Hospitals and Clinics
- Decision Makers in Healthcare
- Physicians and Clinicians
- Nurses, Pharmacists & Health Alliances
- Medical Experts who encounter patients with genetic disorders
- Students of Life Science, Biotechnology
- Genetic Counsellors and Researchers and Genetics.
- Patients with genetic disorders and their families, Support Groups and NGOs
