Why to join ?

- Meet Experts & Influencers Face to Face
- Networking Opportunities
- Learning In a New Space
- New Technologies
- Greater Focus
- Have Energy of Like-Minded Individuals
- Investing on Yourself & finally have Fun!

Develop Networking with.....

- Industry leaders
- Product scientists
- Development managers
- C-level executive
- Academicians
- Pain Medicine research departments

Meet your “Subject Matter Expert” (SME)

Subject Matter Experts will guide you in current Research & development. They help you in research queries, content, identify the objectives, and ensure your research scientifically acceptable.

Workshop/ Interactive Sessions

Workshop sessions involve extensive interaction between presenters and participants around an idea or hands-on experience of a practice. These sessions may also take the form of a crafted panel, staged conversation, dialogue or debate – all involving substantial interaction with the audience.

Round table Discussions

The right conference can be a game changer for your research and professional career. More importantly, the Round table conversation brings the experts networking and create the goldmine of opportunities.

Explore Toronto

In 1834, Toronto (Ontario's capital city) incorporated as a city. Toronto has a vibrant history of development and change, ranging from its early occupation over thousand years ago to its current status as North America's 4th largest city. Toronto is Canada's largest region and is comprised of the former urban areas of Toronto, North York, Scarborough, York and Etobicoke, and the former borough of East York. The city is home to an extensive immigrant population, and is a national and worldwide point for finance, communications and cultural life.
