About Kuala Lumpur

Malaysia is a Southeast Asian nation which involves parts of the Malay Peninsula and Island of Borneo. It is known for its shorelines, rainforests and blend of Malay, Chinese, Indian and European social impacts. The capital of Malaysia is Kuala Lumpur which is the home to numerous provincial structures, caught up with shopping areas, for example, Bukit Bunting and high rises, the notorious, 451m-tall Petronas Twin Towers. Malaysia has outstanding amongst other monetary records in Asia. Critical factor of its monetary development is its characteristic assets and tourism industry.
