

EuroSciCon Conference on

# Nanotech and Nanobiotechnology

---

March 07-08, 2019

Amsterdam, Netherlands

**Theme:**

Challenges and Innovations in Next Generation Nanoscience

## Invitation

Welcome to Amsterdam, one of the greatest small cities in the world and the capital of Netherlands. Amsterdam is a beautiful place to visit, from the famous Amsterdam canals to world-famous Amsterdam museums and historical Amsterdam sights. It is one of the most romantic and beautiful cities in Europe. The Nanobiotech 2018 Conference was an overwhelming success, in Paris, France. After the successful completion of Euroscicon Conference on Nanotech and Nanobiotechnology, the Euroscicon is proud to host the 2nd Euroscicon Conference on Nanotech and Nanobiotechnology, which emphasizes on the theme “Challenges and Innovations in Next Generation Nanoscience” and is going to take place in Amsterdam, Netherlands from March 07-08, 2019 which will provide an unprecedented opportunity to Researchers from all over the world to share their research with colleagues, discuss and debate the latest advances in the field. We invite Eminent Scientists/Research Professors in the field of Nanoscience, Junior/Senior research colleagues, Students, Directors of Nanotech organizations, Nanoscientists, Members of Nanoscience associations and exhibitors from various Nanotech-based Companies. With a broad array of keynote presentations, board discussions, workshops, and poster sessions, the Nanobiotech 2019 Conference is the perfect venue not only to dive into your subject such as nanobiotechnology, and nanotechnological interests but also to expand the scope of your knowledge. There are various tracks which are given to subjects like medicine, electricity, pharmaceuticals, photonics, industries and many more which are entwined with nanotechnology. The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now is your active participation to convert the extensive program on paper to an active and vibrant Nanotech and Nanobiotechnology forum. So, in case you have missed Nanobiotech 2018, here is another chance to join us at Amsterdam, Netherlands, with an unforgettable meeting.

## A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges

March 07-08, 2019  
Amsterdam, Netherlands

## Why with us?

We at EuroSciCon strive to create transforming experiences, propelling researchers and organizations to interact and come up with actionable ideas thus enhancing the quality of research and development.

And here's why you associate with us

### **Our International Open Access Journals:**

We embrace around 700+ Leading-edge Peer Reviewed Open Access Journals and a 21 Day Rapid Review Process with a whopping 50000+ Editorial Board Team, 35000+ Reviewers team and 1000+ Scientific Associations Collaborations.

Read by over 30 Million Patrons and 100000+ Facebook Likes comprehending the High online presence, our Open Access Journals serve the best blend of content and global exposure.

### **Our International Scientific Conferences:**

With over 3000 Conferences happening across the globe in the streams of Medical, Pharma, Engineering, Science, Technology and Business our events are accredited with CME/CPD.

Moreover you get to meet the industry's high priests who come from all over the orb. You learn from the companies defined by their progressive ethos and dynamic strategies and also through the highly interactive sessions and panel discussions.

B2B Meetings with enriching interaction help building better businesses, people and world.

### **Other salient features comprehend:**

Publishing of the accepted abstracts in our inordinately indexed journals

Each of which will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref Distinct abstract and Speaker page creation, which profusely aid in citing the research and researcher in the top search engines.

Career Guidance Workshops for students and early career researchers

Opportunity to publish full Manuscripts in our Open Access Journals

With over 25000+ Nano Researchers accessing the website, Nanobiotech 2019 is the most lucrative platform for researchers, academicians and industry professionals pursuing their work in the field and related. In addition to immense networking opportunities, global prominence of the research and the researcher is what we bestow our speakers and committee members fuelling better outreach of the work and profile.

### **Nanobiotech 2019 Salient Features:**

In a world of information overload, we focus on the issues most relevant to today's technical trends enabling our patrons to

*Congregate with most senior executives*

*Nurture connexions*

*Agenda format which incorporates ample Q&A time*

*Partake in our revamped exhibitor expo sessions*

*Meet and listen to the relevant clients*

*Unprecedented growth creating an unparalleled market place*

March 07-08, 2019

Amsterdam, Netherlands

### **How's EuroSciCon different?**

*Exercises your creative instincts with the live knowledge experience*

*It organizes 3000+ Conferences across the globe connecting different sciences in 30+ countries*

*Over 25 Million+ Visitors and 20000+ Unique Visitors per conference*

*World's leading industries and companies attend*

*Career guidance for early career researchers and students*

*Provides insights you need to take your research to the next level*

*A huge conclave of high tech and science priests*

## Who'd be attending?

2<sup>nd</sup> EuroSciCon Conference on Nanotech and Nanobiotechnology host for the Multinational organizations, entrepreneurs across the globe, the researchers and academicians. Prominently Nanoscientists / Nanobiotechnologists/Research Professors/ Physicists, Junior/Senior research fellows of Nanoscience, Nanotechnology Students, Directors of nanotech companies, Members of different Nano science associations.

### About hosting organization

EuroSciCon is one among Europe's largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. With over 16 years of Life Science Communication it focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, EuroSciCon is a corporate member of Royal Society of Biology, Institute of Biomedical Science (IBMS) and British Society for Immunology. Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

### Scientific Sessions:

- Nanotechnology
- Nanomaterials
- Synthesis and Characterisation of Nanomaterials
- Nano devices and Nano sensors
- Nanoelectronics and Nanophotonics
- Carbon nanomaterials, devices and technologies
- Graphene Nanostructures
- Nanocomposites
- Advanced Nanomaterials and Nanoparticles
- Nanorobotics
- Nano-coatings
- Nanobiotechnology
- Nanomedicine and drug delivery
- Nano pharmaceuticals
- Cancer Nanotechnology
- Nano-biomaterials
- Nanotechnology safety and risks
- Future of Nanotech and Nanobiotechnology

## About Destination Amsterdam

Amsterdam is the capital of Netherlands. Amsterdam is a city that is rich in the visitor sights. It has various out of date blessed spots and various grand show corridors and what's more the business capital of the Netherlands and outstanding amongst other cash related concentrations in Europe Amsterdam offers fundamentally more, like the world-class Van Gogh Museum, the Rijksmuseum and shopping on Nine Little Streets. Families may welcome a visit to the NEMO Science Museum and Vondelpark. So accumulate your pack, get a camera and get ready for an involvement in Amsterdam!! As the business capital of the Netherlands and a champion among other budgetary focuses in Europe, Amsterdam is viewed as an alpha world city by the Globalization and World Cities (GaWC) think about social affair. The city is in like way the social capital of the Netherlands. Different wide Dutch affiliations have their home office there, and seven of the world's 500 biggest affiliations, including Philips and ING, are orchestrated in the city. Amsterdam was arranged second best city to live in by the Economist Intelligence Unit and the twelfth on nature of living for condition and foundation by Mercer. The city was arranged third being produced by Australian progress office in their Innovation Cities Index 2009. The Amsterdam seaport straight up 'til the present time remains the second in the nation, and the fifth most prominent seaport in Europe. Clearly comprehended social requests of the Amsterdam are the diarist Anne Frank, specialists Rembrandt van Rijn and Vincent van Gogh and driving force Baruch Spinoza.
