

**International Conference on
Cell and Structural Biology**

July 15-16, 2019 | Toronto, Canada

Invitation

Ology Mavens invites all the participants across the globe to attend the “International Conference on Cell and Structural Biology” during July 15-16, 2019 in Toronto, Canada.

The Conference will focus on “Current challenges and trends in cell and Structural Biology”.

Conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration.

What is Structural Biology 2019?

Structural Biology 2019 aims to bring together leading academic scientists, researchers, research scholars and entrepreneurs to exchange and share their experiences and research results on all aspects of Structural Molecular Biology and Cell Biology. Structural Biology 2019 delivers a premier interdisciplinary platform for scientists, researchers, practitioners and the invited talks by eminent scientists and subject experts are expected to seed research zeal in young minds and generate interest in them to take up the challenges of current research and flourish with magnificent research outcomes and solutions adopted in the fields of Structural and Molecular Biology.

About Organizer

Ology Mavens organizes Healthcare, Medical, Clinical, chemical, Pharmaceutical, Technological, Engineering, and Business annual conferences, meetings and events (CME & CPD) across the world. Ology Mavens is a perfect destination to go with the right choice of subject expertise for an individual to deliver and discuss recent advancements and interact with the core group of participants from all over the world. Ology Mavens also provides networking opportunities and B2B meetings. Our unique strength lies in integrating experts from various sectors to gain an outright understanding of chemical sense. It's an exciting time for Ology mavens as we continue to grow and adapt, remaining always adaptable, motivated and responsive open to new ideas. Our organization is confronting a time of many changes and we're meeting these changes during a time of larger nation-wide and global change.

- 2 Days of Scientific Interactions
- 20+ Scientific Sessions
- 50+ International Faculty Members
- 100+ Healthcare Professionals
- Special Issues:

All accepted abstracts will be published in respective Supporting International Journals

Each abstract will be provided with digital Object Identifi(DOI) number.

Conference Highlights

- Structural Biology
- Molecular Biology & Genetics
- Biochemistry and Bio Physics
- Cell biology and Development
- Computational Structural Biology
- Cell Signaling & Cancer biology
- Stem cells and regenerative medicine
- Immunology and Structural Virology
- Gene and Cell therapy
- Structural Enzymology
- Structural Biology in Drug Design
- Structural Bioinformatics
- Protein Structural Predication
- Molecular Modeling & Dynamics
- NMR & Mass Spectrophotometry
- Advancements in Structural Biology
- Bio nanotechnology
- Tissue Engineering and Biomaterials
- Bio Banking and Analytical techniques

Important dates to mark

Early Bird Registration on/Before Nov 14, 2018

Standard Registration on/Before Feb 14, 2019

Final Call on Jul 15, 2019

Abstract Submission

<https://www.ologymavens.com/cme/genetics/structural-biology-conferences/abstract-submission>

Registration

Groups of three or more will receive a Special discount only on registration by using the group code. If you have any questions, please contact us at

biotech@ologyconferences.com / biotechnology@ologymaven.com / genetics@ologymaven.org

WhatsApp Message: +1 (705) 414-1167

Book your Slot & Follow the below link to register:

About City

Toronto is Canada's largest city and a world leader in such areas as business, finance, technology, entertainment and culture. Its large population of immigrants from all over the globe has also made Toronto one of the most multicultural cities in the world. It is situated on the north-west shore of Lake Ontario. Toronto's motto is "Diversity Our Strength." It has always been ranked highly in the fields of life expectancy, personal safety, health-care, education etc.

City Attractions

- CN-Tower
- Royal Ontario Museum
- Rogers Centre
- Niagara Falls Day Trip from Toronto
- Art Gallery of Ontario
- Casa Loma of Toronto
- Toronto Zoo
- Ripley's Aquarium of Canada
- Saint Lawrence River
- Lake Ontario
