**B2B Meetings**

Dear Attendees,

We are glad to announce the **8<sup>th</sup> Asia Pacific Glycobiology Congress** to be held in **Tokyo, Japan** on **May 10-11, 2019** organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. **Glycobiology Asia 2019** aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of 8th Asia Pacific Glycobiology Congress . As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. 8<sup>th</sup> Asia Pacific Glycobiology Congress amid May 10-11, 2019 at Tokyo, Japan. This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,  
**Glycobiology Asia 2019**  
Organizing Committee

## B2B Meetings

### Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes 
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

### Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

### Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

### Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

**Special Issues:** All accepted abstracts will be published in respective Conference Series llc LTD Journals

Each abstract will be provided with digital Object Identifier by

**B2B Meetings**

Glycobiology Asia 2019 meeting will be organized by Conference Series llc Ltd which is consisted of 3000+ Global Events with more than 1000+ Conferences, 1200+ Symposiums and 1200+Workshops on different fields of Medical, Pharmaceutical, Clinical, Engineering, Science, Technology and Business. Glycobiology Asia 2019 is going to conduct an analytical research on the topics of recent advancements in the field of Glycobiology and to extend the most current innovations and arrays in the arena of Glycobiology and Glycochemistry, Proteomics, Systems Biology, Genomics, Precision Medicine, Lipidomics, Metabolomics, Bioinformatics, Genomics, structural biology and many more. The conference is going to bring together glycobiologists, scientists, molecular biologists, biochemists, industrial experts, delegates, sponsors and related exhibitors from all around the world to the marvellous city of Tokyo, Japan. The conference theme emphasizes on “A path to the emerging trends in the field of glycobiology research”. Glycobiology Asia 2019 is an ideal platform for experts, world-class professors, and glycobiologists to discuss an approach for glycobiology and its related research areas. The conference will impact an attractive moment to interact with professionals in the research field and therefore it takes the pride in opening a gate to meet young researchers and potential speakers where they can present their novel research and contributions in the field of glycobiology and its related fields.

### Glycobiology Asia 2019 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

### How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

### Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about 8th Asia Pacific Glycobiology Congress , present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

**B2B Meetings**

## Objectives

After participating in this meeting, attendees should be able to

Discuss emerging issues in 8th Asia Pacific Glycobiology Congress

Discuss and apply recent research findings related to 8th Asia Pacific Glycobiology Congress

Reflect on the place of critical distance in 8th Asia Pacific Glycobiology Congress

## Who should attend?

Academicians including Professors, PhD Scholars, Students carrying out laboratory and field studies, Industrial Giants, Glycobiologists, Biochemists, Biotechnologist, Molecular Biologists, Biochemistry Experts and Technicians, Research Institutes and members, Supply Chain companies, Manufacturing Companies, Training Institutes, Business Entrepreneurs.

## About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

## Conference Sessions

- Glycobiology: It's Role in Human Health
- Synthesis and Biological Role of Glycans
- Evolution of Glycan Diversity
- Glycan Catabolism and Systemic Physiology
- Glycobiology and Glycochemistry
- Glycomics and Metabolomics
- Glycans in Diseases and Therapeutics
- Mass Spectrometry Analysis
- Glycoconjugates, Glycomics and Transcriptomics
- Glycobiology in Lipid Science
- Glycans in Vaccine Development
- Glycans in Structural and Computational Systems Biology
- Structural Bioinformatics and Proteomics
- Glycosciences and Monosaccharides
- Glycopathology: Glycans in Cancer
- Glycobiology and Biotechnology
- Glyconeurobiology: Glycans in Neuroscience
- Glyco Immunology
- Glycans in Drug Design
- Recent Advances in Glycobiology

Tokyo, the capital town of Japan and also the world's most thickly settled metropolis is additionally one in all Japan's forty seven prefectures, consisting of twenty three city center wards and multiple cities, towns and villages west of town centre. The Izu and Ogasawara Islands are a part of Tokyo. Tokyo was erst referred to as Edo, a little castle city within the sixteenth century. It formally became the capital when Emperor Meiji moved his seat to town from the previous capital of metropolis in 1868 once it absolutely was renamed to Tokyo. Tokyo's urban landscape consists primarily of recent and contemporary design proof to its ruination when the Great Kantō earthquake in 1923 and later the intensive firebombing in World War II. Its several internationally illustrious varieties of trendy design include Tokyo International Forum, Asahi Beer Hall, Mode Gakuen Cocoon Tower, NTT Docomo Yoyogi Building and Rainbow Bridge. Tokyo additionally features 2 distinctive towers: Tokyo Tower and also the new Tokyo Skytree, the tallest tower in Japan and also the second tallest structure within the world after the Burj Khalifa in Dubai.
