Welcome Message

Dear All,

Scientific federation welcomes you to attend the 2nd Global Summit on Stem Cell Biology & Regenerative Medicine which is going to be held in Berlin, Germany during June 06-08, 2019.

We cordially invite all the participants who are interested in sharing their knowledge and research in the area of Stem Cell & Regenerative Medicine.

STRM-2019 anticipates more than 300 participants around the globe with thought provoking Plenary Talks, keynote lectures, Oral Presentations and Poster Presentations, Symposiums and Workshops. The attending delegates include Editorial Board Members of related International Journals. This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

This will bring together world leaders in their respective fields in the fascinating environment of Berlin, Germany. STRM-2019 Conference is to explore Current Issues and Recent Advancements in Stem Cell and Regenerative Medicine. The aim of the STRM-2019 is to promote quality research and real-world impact in an atmosphere of true international cooperation between scientists by bringing together again the world class researchers, International Communities and Industrial heads to discuss the latest developments and innovations in the fields of Stem Cell & Regenerative Medicine with colleagues from different countries and other parts of Germany.

Conference Objectives

- To facilitate opportunities for networking, collaboration and exchange of ideas with internationally renowned leaders in Stem Cell & Regenerative Medicine.
- To identify research and practice based innovations in optimizing Stem Cell & Regenerative Medicine research and development.
- To discuss and debate the challenges and opportunities in the new era of optimizing Global Strategy on Stem Cell & Regenerative Medicine research and development reforms.

We are looking forward to seeing you at **STRM-2019 in Berlin, Germany...!!!**

Best Regards

STRM-2019 Organizing Committee.

Conference Highlights

The Scientific Federation brings you an immense opportunity to be a part of scientific acceleration to world class personalities, young scholars, scientific delegates and young scientists to join in this forum to utilize the expertise and novelties that brings a new era for innovations in the field of Stem Cell & Regenerative Medicine which brings well versed scrutinizers at one place. It provides a platform to have open discussions, knowledge sharing and interactive sessions with field experts at Stem Cell & Regenerative Medicine-2019.

Conference Sessions

Stem Cells

Stem Cells Niche

Cell Science and Stem Cell Biology

Recent Trends in Cell Biology of Aging

Induced Pluripotent Stem Cells

Mesenchymal Stem Cells

Cancer Stem Cells & Cancer Therapy

Bone Marrow Stem Cells

Hematopoietic Stem Cells

Embryonic Stem Cells

Adult Stem Cells

Stem Cell Clinical Trials

Stem Cell Therapy

Stem Cell Treatment

Stem Cell Transplantation

Somatic Cell Therapy

Stem Cells: Current Research

Regenerative Medicine

Tissue Regeneration

Applications of Tissue Engineering

Regeneration and Therapeutics

Pluripotency and reprogramming

Scaffolds

Stem Cell Technologies

Biomaterials & Stem Cells

3D Bioprinting & Biofabrication

For Abstracts Submission: <https://www.scientificfederation.com/strm-2019/abstract-submission.php>

For Registration visit: <https://www.scientificfederation.com/strm-2019/registration.php>

- Conference sessions will bring you the latest strategies, research, and best practices to improve outcomes through quality, safety and staffing.

Introducing our Plenary Speaker

Kenneth K. Wu was previously President and Distinguished Investigator, National Health Research Institutes, Taiwan. He received SANOFI Prize, SANOFI Association for Thrombosis Research and International Society of Thrombosis and Haemostasis in 1997. He is Member of American Association of Physicians and American Society of Clinical Investigation. He has published more than 400 papers in reputed journals.

About Berlin

Berlin is the capital and the largest city of Germany as well as one of its 16 constituent states. With population of approximately 3.7 million, Berlin is the second most popular city proper in the European Union and the seventh most populous urban area in the European Union. Located in northeastern Germany on the banks of the rivers spree and Havel, it is the centre of the Berlin-Brandenburg Metropolitan Region, Which has roughly 6 million residents from more than 180 nations, making it the sixth most populous urban area In the European Union. Due to its location in the European Plain, Berlin is influenced by a temperate seasonal climate. Around one-third of the city's area is composed of forests, parks, garden, rivers, canals and lakes. Berlin is a world city of culture, politics, media and science. Its economy is based on high-tech firms and the service sector, encompassing a diverse range of creative industries, research facilities, media corporations and convention venues. Berlin serves as a continental hub for air and rail traffic and has a highly complex public transportation network. The metropolis is a popular tourist destination. Significant industries also include IT, Pharmaceuticals, biomedical engineering, clean tech, biotechnology, construction and electronics.

Important Dates

Abstract Submission Opens: July 04, 2018

Registration opens: July 12, 2018

Early bird registration: September 5, 2018

Standard Registration: January 25, 2019

On spot registration: June 06, 2019

**Venue
Berlin, Germany**
