Welcome message

we take pleasure to **World Congress on Cardiology and Cardiovascular diseases** (Cardiology Congress- 2019)" scheduled on September 23-24, 2019 at Barcelona, Spain. Cardiology Congress-2019 aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of Cardiology research. This is a platform for cardiologists, surgeons, internists, trainees, investigators, nurses, nurse practitioners, physician assistants and allied health care staff who participate in the care of patients with coronary, peripheral, and structural cardiovascular diseases to share your valuable innovations and suggestions to the next generations. The main theme of the conference is **"A distinctive Outlook in Cardiology and Cardiovascular diseases research"**. Cardiology Congress 2019 welcomes the Professors, Research scholars, Industrial Professionals, Cardiac surgeons, Cardiologists, physicians, and student delegates from cardiology and healthcare sectors.

The field incorporates therapeutic analysis and treatment of coronary vein infection, Cardiac imperfections, valvular coronary illness, heart disappointment and electrophysiology. Cardiology is concerned with the characteristic usefulness of the heart and discrepancy from a normal heart. Numerous issues include the heart itself yet some are outside of the heart. World-driving well being experts, clinicians, instructors and specialists will show bleeding edge and down to earth clinical strategies in light of broadly acknowledged proof and will present new and rising exploration.

Come and be a part of it...!
