About Pathology Congress

The primary aspect is to bring together the clinicians, researchers and industry working in the field of pathology, to discuss and present science, implementations and the latest advances. The conference focuses on the theme “Diagnostics and Intelligent Amplification of Human Systems”. The meeting also includes sessions on standards, clinical workflow integration, quality management, integrative pathology and translational research.

This will be the conference from the International organizer brand of ‘Lexis’ that has been bringing together the leading experts and researchers to explore their view on science and technology that has been making a vast difference in today’s world.

Program Manager
Shobhit Gupta

Why to join ?

- Meet Experts & Influencers Face to Face
- Networking Opportunities
- Learning In a New Space
- New Technologies
- Greater Focus
- Have Energy of Like-Minded Individuals
- Investing in Yourself & finally have Fun!

Develop Networking with.....

- Industry Leaders
- Product Scientists
- Development Managers
- C-level Executive
- Academicians
- Pathology Department

Meet your “Subject Matter Expert” (SME)

Subject Matter Experts will guide you in current Research & development. They help you in research queries, content, identify the objectives, and ensure your research scientifically acceptable.

Workshop/ Interactive Sessions

Workshop sessions involve extensive an interaction between presenters and participants around an idea or hands-on experience of a practice. These sessions may also take the form of a crafted panel, staged conversation, dialogue or debate – all involving substantial interaction with the audience.

Round Table Discussions

The right conference can be a game changer for your research and professional career. More importantly, the Roundtable conversation brings the experts networking and create the goldmine of opportunities.

Explore Dubai

The words 'first, tallest, deepest, most expensive, lavish, outlandish' could have been created for this city. Where else would you find a seven-star hotel, visit a series of 200 man-made islands in the shape of the countries of the world, or climb the world's tallest building?. Amidst all this modernity, as you head from a swim in the sea or a business meeting to designer boutiques, a round of golf or a top teppanyaki restaurant, the age-old souks still attract those who like to haggle. And yet only a few kilometres into the magnificent desert, There are still camels roaming free. There is a vibrant and cosmopolitan air about Dubai, for instance the way the traditional abra boats carry a kaleidoscope of tourists side by side with sari-wrapped Indians and locals sporting spotless dishdashas.
