3rd International Conference on

SPINE AND SPINAL DISORDERS

&

International Conference on

ADDICTION RESEARCH AND THERAPY

November 26-27, 2018 | Dubai, UAE

EXHIBITOR

TSUNAMI MEDICAL

Allied Academies

47, Churchfield Road, London W36AY | United Kingdom | Tel: +44 203 769 1755

AGENDA

Day 1, Monday | November 26, 2018

08:00-08:20 Registrations & Souvenir Distribution

Conference Hall

08:20-08:40

Opening Ceremony

EXHIBITOR

TSUNAMI MEDICAL

Tsunami Medical SRL

KEYNOTE FORUM

08:40-09:20

Title: Ten years results with Interlaminar Disc Assistance implant "IntraSPINE®"

Giancarlo Guizzardi | Tuscany Surgical Center | Italy

09:20-10:00

Title: Gambling: Why a Drug of choice?

Liz Karter | Level Ground Therapy | UK

Networking & Refreshment Break 10:00-10:20 @ Breakout Area

10:20-11:00

Title: Disc replacement surgery: When should you "refuse to fuse"?

John Sutcliffe | London Spine Clinic | UK

11:00-11:40

Title: Minimally invasive Spine Surgery applied to Traumatic Spine Injury: My experience at University of Maryland Prince George Hospital

Malini Narayanan | National Neurosurgery Solutions | USA

Panel Discussion

Session on: Spine and Spinal Cord | Spine Surgery and Spine Therapy | Neuroanatomy and Spine | Spinal Injury and Spine Fracture | Drug Addiction

Session Chair: Giancarlo Guizzardi | Tuscany Surgical Center | Italy

Co-Chair: Liz Karter
Level Ground Therapy | UK

Co-Chair: Pankaj Nishikant Surange
Interventional Pain and Spine Centre | India

Session Introduction 11:40-11:45

11:45-12:05 Title: Nicotine is an addictive substance present in cigarette smoke that causes a great number of health effects and is a leading cause of preventable death

Wasana K Sumanasekera | Sullivan University College of Pharmacy | USA

12:05-12:25 Title: The spiritual Spine: The secrets of Chakras
Jessica Lucie Gutierrez | Paris VII University | France

12:25-12:45 Title: Minimally invasive methods in Interventional Radiology for treatment of vertebral fractures: Clinical experiences
Mehmet Fatih Inecikili | Recep Tayyip Erdogan University School of Medicine | Turkey

Lunch Break 12:45-13:45 @ Restaurant

13:45-14:05 Title: Neuroscience serving our goals: Project
Jessica Lucie Gutierrez | Paris VII University | France

14:05-14:25 Title: Early Vertebroplasty for Spinal Metastatic Pain and Metastatic Fractures
Pankaj Nishikant Surange | Interventional Pain and Spine Centre | India

14:25-14:45 Title: Rare case of acute onset of paraplegia due to Abdominal Aortic Occlusion
Kant Jogani | Wockhardt Hospital | India

Session on: Spine Disorders and Spinal Abnormalities | Spine Birth Defects | Spine Diseases | Spinal Cord Tumor | Spine Fusion | Substance Addiction | Drug Addiction

Session Chair: John Sutcliffe | London Spine Clinic | UK

Co-Chair: Malini Narayanan
National Neurosurgery Solutions | USA

Co-Chair: Liz Karter
Level Ground Therapy | UK

Session Introduction 14:45-14:50

14:50-15:10 Title: Multiple level transpedicular fixation of Lumbar Spine with PILF, TLIF, OLIF and ALIF 360 fusions and fixation improve the mobility and general activity and full recovery for Thoraco Lumbar and Sacral Degenerative
Muhammad Qazafi Memon | Universal Hospital Abu Dhabi | UAE

15:10-15:30 Title: Familial aggregation of Substance Use Disorders in South-Eastern Nigeria: A family-controlled study
Justus Uchenna Onu | Federal Neuropsychiatric Hospital | Nigeria

Networking & Refreshment Break 15:30-15:50 @ Breakout Area

Young Research Forum

15:50-16:10 Title: Iliac screws in Lumbo-Sacro-Iliac Fixation Lumbosacral Pathologies: Our experience
Vivek Rameshchandra Patel | Fortis Hospital | India

16:10-16:30 Title: Impact of electronic cigarettes among University students in Bangladesh
Md Mehedi Hasan | Ministry of Home Affairs | Bangladesh

Special Session

16:30-16:55 Title: Interlaminar/Interspinous and facet joint stabilization system in lumbar DDD: Preliminary results
Giancarlo Guizzardi | Tuscany Surgical Center | Italy

16:55-17:20 Title: Lumbar Spinal Canal Stenosis: Paradigm shift towards a targeted reduced decompression

Walter Bini | Waldkrankenhaus Bad Duben | Germany

17:20-17:45 Title: Instrumentation through Interrupted Trajectory in Complex Cervical Spine cases

Walid Attia | National Neuroscience Institute | Saudi Arabia

17:45-18:05 Title: Is AI really what Spine Surgery needs?

Walter Bini | Waldkrankenhaus Bad Duben | Germany

Video Presentation

18:05-18:30 Title: Design and development of spinal fusion instrumentation (Protocols and Concepts)

Vijay K Goel | University of Toledo | USA

Day 2, Tuesday | November 27, 2018

Conference Hall

08:00-08:15

Gathering & Introduction

KEYNOTE FORUM

08:15-08:55

Title: Differential roles of $\alpha 4\beta 2$ and $\alpha 7$ nAChRs in Nicotine Addiction process: Implications for smoking cessation medication development

Xiu Liu | University of Mississippi Medical Center | USA

08:55-09:35

Title: Finding the right level – Operating on Spine

Malini Narayanan | National Neurosurgery Solutions | USA

09:35-10:15

Title: Contribution of Discal Treatment by Disc-FXTM in a pathway of interventional management of Back Pain and Sciatica in daily clinical practice

Anthony Hammond | KIMS Hospital | UK

Networking & Refreshment Break 10:15-10:35 @ Breakout Area

10:35-11:15

Title: Spinal Arthrodesis with instrumentation: Open Surgery vs Percutaneous Surgery

Pierpaolo Mura | Sapienza University of Rome | Italy

10:15-10:55

Title: Adipose derived Mesenchymal Stem Cells in the treatment of DDD: Protocol and personal experience

Walter Bini | Waldkrankenhaus Bad Duben | Germany

Special Session

10:55-11:20

Title: Adjacent disc injuries in Thoracolumbar fracture - Assessments and its significance. Development of the new DISC injury classification

Raman V Kalyan | Royal National Orthopaedic Hospital | UK

11:20-11:45

Title: Mysteries of Spinal pain and pain distribution

Raman V Kalyan | Royal National Orthopaedic Hospital | UK

Pannel Discussion

Session on: Spine Fusion | Spine Health and Spine Infection | Psychosis in Addiction | Drug Addiction

Session Chair: Chan Hong Park | Daegu Wooridul Spine Hospital | South Korea

Co-Chair: Pierpaolo Mura
Sapienza University of Rome | Italy

Co-Chair: Xiu Liu
University of Mississippi Medical Center | USA

Session Introduction 11:45-11:50

11:50-12:10 Title: The evaluation of posterior transpedicular dynamic stabilization and present situation

Ali Fahir Ozer | KOC University School of Medicine | Turkey

12:10-12:30 Title: Full-endoscopic operations of Lumbar Disc Herniation and Spinal Stenosis- State of the art, possibilities and retrospective review of overall 1054 operated patients

Marko Markovic | Medigroup Hospital | Serbia

Lunch Break 12:30-13:30 @ Restaurant

13:30-13:50 Title: Harm Reduction Psychotherapy: A promising approach to Addiction Treatment

Karine E Bekhazi | Novomedics Clinics | UAE

13:50-14:10 Title: Surgical management of Tuberculosis of the Spine: A retrospective analysis of 127 cases in a Tertiary Care Hospital of Bangladesh

Shafiul Alam | National Institute of Neurosciences and Hospital | Bangladesh

14:10-14:30 Title: Role of Addiction specialists in prevention of Opioid overdose deaths

Jaswinder Singh Gandhi | Amrit Drug Deaddiction and Research Foundation | India

Poster Presentation (14:30-15:00)

- PP01 Title: Effect of pulsed radiofrequency on the lumbar dorsal root ganglion for the management of remnant lumbar radicular pain in patients who had prior Lumbar Surgery
Chan Hong Park | Daegu Wooridul Spine Hospital | South Korea
- PP01 Title: An unusual outcome of occipital cervical dislocation: Case Report
Malini Narayanan | National Neurosurgery Solutions | USA

Young Research Forum

- 15:00-15:20 Title: Cervical spine fusion and shoulder pain: A new algorithm
Lorena Pena Larrea | Hospital Universitario Central de Asturias | Spain

Networking & Refreshment Break 15:20-15:40 @ Breakout Area

Session on: Neurorehabilitation and Neuro Nursing | Novel Neurotherapeutics, Neuropharmaceuticals, and Diagnostics | Clinical Trials and Case Reports in Spine and Spinal Disorders | Alcoholism

Session Chair: Anthony Hammond | KIMS Hospital | UK

Co-Chair: Walid Attia
National Neuroscience Institute |
Saudi Arabia

Co-Chair: Walter Bini
Waldkrankenhaus Bad Duben | Germany

Session Introduction 15:40-15:45

- 15:45-16:05 Title: Women, Trauma and Alcohol Dependency: Connections and disconnections in alcohol treatment for women
Deanna L Mulvihill | TLI Foundation | USA
- 16:05-16:25 Title: Single or Cervical Multiple Levels Arthroplasty is a safe option for active and functional mobility of cervical degenerative with minimal invasiveness
Muhammad Qazafi Memon | Universal Hospital Abu Dhabi | UAE
- 16:25-16:45 Title: The effects of a theory – Based educational program on beliefs and physical activity behavior of chronic low back pain patients
Sedegheh Sadat Tvfian | Tarbiat Modarres University | Iran
- 16:45-17:05 Title: Contribution of the blood biochemical factors, body composition and genetics to low back pain manifestation in complex Arab pedigrees
Nader Tarabeih | Tel-Aviv University | Israel

Panel Discussion

Awards Presentation, Certification & Prize Distribution

Closing Ceremony

Allied Academies

47, Churchfield Road, London W36AY | United Kingdom | Tel: +44 203 769 1755
