## About Liver 2019

The liver, an organ just found in vertebrates, detoxifies different metabolites, combines proteins, and produces biochemicals important for absorption. In people, it is situated in the correct upper quadrant of the guts, underneath the stomach. Its different jobs in digestion incorporate the control of glycogen stockpiling, deterioration of red platelets and the generation of hormones.

The liver is a frill stomach related organ that produces bile, an antacid compound which helps the breakdown of fat. Bile helps in assimilation through the emulsification of lipids. The gallbladder, a little pocket that sits simply under the liver, stores bile delivered by the liver which is thereafter moved to the small digestive system to finish processing. The liver's exceedingly particular tissue comprising of for the most part hepatocytes directs a wide assortment of high-volume biochemical responses, including the blend and breakdown of little and complex atoms, a large number of which are vital for typical fundamental capacities. Appraisals with respect to the organ's aggregate number of capacities shift, yet course readings for the most part refer to it being around 500

Ravi Kumar

## Abstract Submission Topics

- Liver
- Liver Cancer
- Hepatocellular Carcinoma
- Icterus
- Viral Hepatitis A,B, and C
- Hepatic Pathology
- Cholesteric syndromes
- Vascular injury
- Anatomy of the liver
- HCV and HIV Coinfection
- Immunization
- Pediatric Hepatology
- Hepatitis Surveillance
- Molecular and Cellular Biology
- Drug Induced Liver Injury DILI
- Liver Transplantation and Surgery
- Major risk factors for liver disease
- Inherited hyperbilirubinemia
- Knowledge and awareness about chronic hepatitis B and C
- Gastroenterology
- Hepatitis
- Other related Liver diseases

Abstract submission opens : **October 27, 2018** | Registration opens: **September 27, 2018**

Deadlines for Abstracts: **June 30, 2019** | Deadlines for Registrations: **July 15, 2019**

## Call for Abstracts

The Liver 2019 invites abstracts related to the new scientific research in all the fields of biotechnology. Registrants are invited to submit an abstract for consideration for oral and poster presentation. In general we encourage more specific to the current research fields representing innovation and recent technologies. Abstracts received will be reviewed by scientific committee from aspirants and categorized as speaker talks and poster presentations.

### Why to join ?

- Meet Experts & Influencers Face to Face
- Networking Opportunities
- Learning In a New Space
- New Technologies
- Greater Focus
- Have Energy of Like-Minded Individuals
- Investing on Yourself & finally have Fun!

### Develop Networking with.....

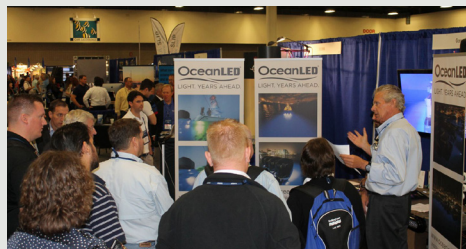

- Doctors
- Scientists
- Development managers
- Professors
- Academicans
- Liver Associations and Society

### Meet your “Subject Matter Expert” (SME)

Subject Matter Experts will guide you in current Research & development. They help you in research queries, content, identify the objectives, and ensure your research scientifically acceptable.

### Workshop/ Interactive Sessions

Workshop sessions involve extensive interaction between presenters and participants around an idea or hands-on experience of a practice. These sessions may also take the form of a crafted panel, staged conversation, dialogue or debate – all involving substantial interaction with the audience.

### Round table Discussionst

The right conference can be a game changer for your research and professional career. More importantly, the Round table conversation brings the experts networking and create the goldmine of opportunities.

### Unique Services

## TENTATIVE AGENDA

<b>DAY - 1</b> <b>August 26, 2019</b>	
<b>MONDAY MORNING SESSIONS</b>	
08:00-09:00	CONFERENCE ENROLLMENT
09:00-09:15	WELCOME NOTE by Conference Chair
Exhibitions start @ 9:00 AM onwards simultaneously with sessions	
<b>DISTINGUISHED LECTURE FORUM</b>	
09:15-10:45	Distinguished Lecture 1
	Distinguished Lecture 2
	Distinguished Lecture 3
Session Remarks by Panellists	
10:45-11:00 Refreshments & One to One "Ties"	
<b>Session Keynotes &amp; Speakers</b>	
11:00-12:20	SESSION KEYNOTES
	Liver
12:20-13:00	SESSION SPEAKERS
	Hepatocellular Carcinoma
	Viral Hepatitis A,B, and C
	Cholesteric syndromes
Luncheon & One to One "Ties" 13:00-13:50	
<b>MONDAY MORNING SESSIONS</b>	
13:50-14:15	SESSION KEYNOTE
14:15-15:45	Speaker Sessions (Cont...)
	Anatomy of the liver
	Immunization
	Hepatitis Surveillance
	Drug Induced Liver Injury DILI
Refreshments & One to One "Ties" 15:45-16:00	
16:00-17:00	Major risk factors for liver disease
	Knowledge and awareness about chronic hepatitis B and C
	Gastroenterology
17:00-17:30	EMERGING RESEARCHERS FORUM
<b>Panel Discussion &amp; Networking</b>	
<b>AWARD FELICITATION</b> Closing Remarks	

<b>DAY - 2</b> <b>August 27, 2019</b>	
<b>TUESDAY MORNING SESSIONS</b>	
08:30-09:15	CONFERENCE ENROLLMENT
09:00-09:15	SESSION INTRODUCTION
Exhibitions start @ 9:00 AM onwards simultaneously with sessions	
<b>DISTINGUISHED LECTURE FORUM</b>

Explore Dubai

Dubai is the biggest and most crowded city in the United Arab Emirates (UAE). On the southeast bank of the Persian Gulf, it is the capital of the Emirate of Dubai, one of the seven emirates that make up the nation. Dubai is a worldwide city and business center point of the Middle East. It is additionally a noteworthy worldwide transport center point for travelers and load. Oil income quickened the early advancement of the city, yet its stores are restricted and creation levels are low: today, under 5% of the emirate's income originates from oil. Dubai's economy presently depends on incomes from the travel industry, flight, land, and monetary administrations. Dubai has pulled in world consideration through huge development activities and sports occasions, specifically the world's tallest building, the Burj Khalifa. Organizations in Dubai have in the past been censured for human rights infringement against workers. Starting at 2012, Dubai was the most costly city in the Middle East. In 2014, Dubai's inn rooms were evaluated as the second most costly on the planet.
