Explore Singapore

Singapore ranks up with other culturally and religiously diverse nations making it quite different from its neighbouring countries. Singapore is one of the cleanest cities in the world. For such a small island, Singapore has an extensive array of restaurants offering cuisines from all over the world at different price points. Singapore has a proven record for the best (albeit expensive) bars in Asia. The Singapore Zoo is world famous for its 'open' captivity design. Nearly two dozen malls lining the two kilometers between Orchard MRT and Somerset MRT. Singapore is an architecture lover's dream. Singapore's the ideal place to reconnect with nature as you explore the verdant city. World-class sporting events that are held in Singapore are real exciting to watch.
