

CLINICAL PEDIATRICS CONGRESS 2019

MAY 09-10, 2019 AMSTERDAM, NETHERLANDS

We welcome you to one of the world's esteemed conferences Clinical Pediatrics Congress 2019, its fundamental subject is "*Current Evolution of Latest Theories and Therapies to Save a Child*". This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

This international conference will highlight recent advances and challenges in pediatrics and neonatology. We are solemnly looking forward to address the renowned faculty, pediatricians, nurse practitioners, physician assistants, nurses, researchers, students, and industry exhibitors from around the world. The scientific program includes keynote addresses, plenary sessions, poster sessions, and workshops. Participants will learn about the recent trends and advances in pediatric primary and speciality care, neonatology, and latest research developments. This will be a great opportunity for networking with international colleagues, as well as clinical and research collaboration.
