About the College
 Vinayaka Mission's Kirupananda Variyar Engineering College is an initiated educational background, aimed to provide quality education to aspiring technocrats in various fields of engineering sciences. It started way back in 1987 with 3 branches approved by AICTE, New Delhi. Initially affiliated to the University of Madras, Periyar University and later on to Anna University. Later, Elevated to Deemed University status and hence forth, it has been a constituent college of Vinayaka Mission's Research Foundation (Deemed to be University) in 2004. At Present the institution has 8 branches under UG & 4 Specialization program under PG along with MBA under various specialization offering higher educations. The institution is approved by AICTE and accredited by NAAC.

About the Department
 The Department of Electronics and Communication Engineering was started in the year 1987 and Department of Biomedical Engineering was started in the year 2004. Both the Departments has excellent infrastructure and a dedicated team of staff to cater to the needs of the students community. Various Projects have been funded by DST, IEDC, New Delhi, IEEE Madras Section, Chennai, TNSCST, ESIC-ISSRD, Bangalore, MSME, New Delhi, MSME-IISC, Bangalore, etc.

About the IEEE-AESS Madras Section, Chennai
 The IEEE AESS Madras section, Chennai is joining with this conference to integrate electronic systems and the enabling technologies. It has pioneered the large-scale integrated interoperable systems. We interact with all technical societies and organizations. It makes platform for research through nexus with reputed organization to mould and prone the professional competent of engineers.

About the Conference
 The Department of ECE & BME have planned to conduct 7th National Conference on Convergent Communication Technologies, and Telemedicine Networking "NC²CT²N-2019".
 The objective of this Conference is to provide a forum for interactions and display of expertise among Academic Institutions, R & D Organizations and Industries in the area of communication and Tele medicine Networking.

This Conference aims at bringing together the Researchers / Scientists / Engineers of various disciplines on a single platform to discuss and share their inventions and innovative ideas along with their research findings.

Paper format: Authors are requested to send the soft copy of the full length research paper in IEEE format through E-mail.

Topics of Interest

- Core Engineering**
 - Antennas, Transmission, Broadband & Mobile Technologies
 - Optical Communication and Networks
 - RF and Microwave Communications
 - Aerospace, Robust Space and Satellite Communication
- Application & Technology**
 - BioSignal & BioImaging Acquisition and Processing
 - Diagnosis, Treatment Planning & Therapy
 - E-health Networks
 - Storage, Retrieval of Medical Data
- Telemedicine**
 - Smart Sensors
 - Machine Learning and Artificial Intelligence
 - Brain Research
 - Biological and Medical Nanodevices
 - Rehabilitation Robotics
 - Clinical Challenges
 - Bio Mechanics
- Systems**
 - Embedded System & VLSI
 - Mechatronics
 - Power Systems
- Speciality**
 - Any Innovative/New Communication Technology
 - Neural Networks
 - Nano Technology
