Invitation

Dear Attendees,

We are glad to announce the **3rd Annual Congress on Diabetes and Its Complications** to be held in **Tokyo, Japan** on **December 04-05, 2019** organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. **Diabetes Congress 2019** aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Diabetes and Its Complications. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

This international meet (Diabetes Congress 2019) anticipates hundreds of delegates including keynote speakers, Oral presentations by renowned speakers and poster presentations by students besides delegates around the world. This conference perhaps a giant event that creates an ideal platform to share expertise addressing current advancements involved in Diabetes and Its Complications. It will be a wonderful opportunity for all the delegates as it provides an international networking opportunity to collaborate with the world class Diabetes and Its Complications Associations.

Sincerely,
Diabetes Congress 2019
Organizing Committee

Tokyo is Japan's capital and the world's most populous metropolis. It is also one of Japan's 47 prefectures, consisting of 23 central city wards and multiple cities, towns and villages west of the city center. The Izu and Ogasawara Islands are also part of Tokyo. Prior to 1868, Tokyo was known as Edo. A small castle town in the 16th century, Edo became Japan's political center in 1603 when Tokugawa Ieyasu established his feudal government there. A few decades later, Edo had grown into one of the world's most populous cities. With the Meiji Restoration of 1868, the emperor and capital moved from Kyoto to Edo, which was renamed Tokyo ("Eastern Capital"). Large parts of Tokyo were destroyed in the Great Kanto Earthquake of 1923 and in the air raids of 1945. Greater Tokyo is the world's most populous metropolitan area and is the center of Japanese culture, finance, and government. A bustling cosmopolitan city, Tokyo is also a major transportation hub and a world economic and industrial center. The city boasts a large number of world-class institutions of higher education, the highest concentration of universities in Japan.
