## B2B Meetings

# Invitation

Dear Attendees,

We are glad to announce the 5<sup>th</sup> International Congress on Epigenetics & Chromatin at Vienna, Austria during August 22-23, 2019 organized by Conference Series llc LTD in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. The live format of this educational activity will be accredited with CME and CPD Credits.

This conference provides “the focal hub” for people to present their research and exchange ideas in a European venue. The organizing team assembles top speakers covering the latest advances in the field, incorporating diversity in every sense (gender, geography etc.).

As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. Attend the Epigenetics 2019 Congress to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your department to the next level.

We look forward to personally welcoming you to London this September.

Sincerely,

Epigenetics 2019

Organizing Committee

## B2B Meetings

### Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+  Likes
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

### Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

### Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

### Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

**Special Issues : All accepted abstracts will be**

published irrespective Conference Series llc LTD Journals

Each abstract will be provided with digital Object Identifier by

## B2B Meetings

Epigenetics 2019 Conference website is attracting 25000+ Epigenetics, Genetics, Cancer Science Professionals, Drug Discovery/Development Scientists, Molecular Biologists, Principal Investigators, Cell Biologists, CEO's and R&D Heads from Industries, Directors, Head of office, Professors and Students from Academia in the exploration of Genetics and Cancer Sciences online visitors ranging from Researchers, Academicians and Business professionals, who are working in this field. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

### Epigenetics 2019 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

### How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientists representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

### Goals

- Laudable talks by the choice of the worldwide academic group
- Sterling workshop sessions
- Remarkable Awards and Global Recognition to worthy Researchers
- Global Networking with 50+ Countries
- Novel Techniques to Benefit Your Research
- Global Business and Networking Opportunities
- Exquisite Platform for showcasing your items and International Sponsorship

## B2B Meetings

### Objectives

After participating in this meeting, attendees should be able to

- Discuss emerging issues in Epigenetics, Genetics and Cancer Sciences
- Discuss and apply recent research findings related to Epigenetics, Genetics and Cancer Sciences
- Reflect on the place of critical distance in Epigenetics, Genetics and Cancer Sciences

### Who should attend

Epigenetics Conference is a novel discussion to unite overall recognized scholastics in the field of Genetics, Genomics and Proteomics Researchers, Public wellbeing experts, Scientists, Academic researchers, Industry specialists, Scholars to trade about condition of the Research and Development. Point of this gathering is to fortify new views for treatment that will be valuable over the range of Epigenetics. A Unique Opportunity for Advertisers and Sponsors at this International occasion.

### Target Audience

Business delegates, Industrial Leaders, Drug Discovery/Development Scientists, Molecular Biologists, Principal Investigators, Cell Biologists, CEO's and R&D Heads from Industries, Directors, Head of office, Professors and Students from Academia in the exploration of Genetics..

### About hosting organization

Conference Series llc LTD is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by  Crossref

### Major Sessions Related to:

- Immunology in the epigenetic era
- Epigenetics in Pharmacology & Drug Discovery
- Epigenetics in reproductive health
- Cancer Epigenetics & Oncology
- Genomics and Epigenetics Division
- Need of Epigenetic Biomarkers
- Chromatin & its Dynamics
- Epigenetics in Nervous System
- Epigenetics in Cardiovascular Disease
- Brain disorders & Epigenetics
- Epigenetics in Clinical Practice
- Toxicoeugenetics
- Epigenetics
- Biochemical approaches of Epigenetics
- Genetics & Epigenetic inheritance
- Plant Epigenetics
- Epigenetics in Biotechnology & Developmental Biology
- Bioinformatics/ Computational Analysis of Epigenetics
- Cyto-epigenetic approaches
- Environmental Epigenetic Factor
- Microbial Epigenetics
- Epigenetics Market Products & Instrumentation
- Medical Epigenetics

## About Vienna

Vienna is regarded as the City of Music because of its musical legacy, Vienna is also said to be “The City of Dreams” because it was home to the world’s first psychotherapist Sigmund Freud. The city’s roots lie in early Celtic and Roman settlements that transformed into a Medieval and Baroque city, and then the capital of the Austro-Hungarian Empire. It is well known for having played an essential role as a leading European music centre, from the great age of Viennese Classicism through the early part of the 20th century. Vienna is the federal capital and largest city of Austria and one of the nine states of Austria. Vienna is Austria’s primary city, with a population of about 1.8 million (2.6 million within the metropolitan area, nearly one third of Austria’s population), and its cultural, economic, and political centre. It is the 7th largest city by population within city limits in the European Union. It is also be considered as one of the best tourism place to visit like The Hofburg, Schönbrunn Palace and Gardens, St. Stephen’s Cathedral, The Spanish Riding School, The Belvedere Palace, Vienna Zoo (Tiergarten Schönbrunn), Prater Park and the Giant Ferris Wheel, The Vienna State Opera House, Kunsthistorisches Museum and MariaTheresien-Platz, Vienna City Hall, Karlskirche, The Albertina, Natural History Museum (Naturhistorisches Museum), Hundertwasserhaus, The Imperial Crypt and the Capuchin Church, Collegial and Parish Church of St. Peter, The Famous Demel: Vienna’s Ultimate Café, The Austrian Parliament Building, Kärtner Strasse and the Donner Fountain, The National Theater, The Franciscan Church: St Jerome
