

The background of the entire page is a detailed, high-magnification micrograph of liver tissue, showing several large, circular liver lobules. Each lobule is composed of hepatocytes arranged in a radial pattern, with a central vein visible in some lobules. The image is in a blue and teal color scheme, giving it a scientific and professional appearance.

## Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes 
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

## Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

## Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

## Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

**Special Issues:** All accepted abstracts will be published in respective Conference Series LLC LTD Journals

Each abstract will be provided with digital Object Identifier by

## About Conferences

Hepatology 2019 Conference website is attracting 25000+ Academicians including the Hepatologists, Gastroenterologists, Pathologists, Directors/CEO & Industry experts, Professors, Researchers, Scientists and Students of Hepatology and Liver diseases in all areas of Liver diseases & Therapeutics, Optics Laboratories and Technicians, Research Institutes and members, Supply Chain companies, Manufacturing Companies, Training Institutes, Business Entrepreneurs. This unique opportunity that we extend to our speakers and attendees is not being offered by any other conference organizers. Through this the abstracts and research profiles of our speakers and organizing committee members getting global visibility which is an additional feature that you would be receiving in addition to networking opportunities before, during and after the conference.

### Hepatology 2019 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

### How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 150+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

### Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about 7th International Conference on Hepatology, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

## About Conferences

### Objectives

After participating in this meeting, attendees should be able to  
Discuss emerging issues in Hepatology  
Discuss and apply recent research findings related to Hepatology  
Reflect on the place of critical distance in Hepatology

### Who should attend?

Academicians including the Hepatologists, Gastroenterologists, Pathologists, Directors/CEO & Industry experts, Professors, Researchers, Scientists and Students of Hepatology and Liver diseases in all areas of Liver diseases & Therapeutics

### About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

### Conference Sessions

- Liver and Biliary
- Liver Diseases
- Viral Hepatitis C
- Non-Viral Hepatitis
- HCV/HIV Co-infection
- Liver Transplantation and Surgery
- Pregnancy and Liver Diseases
- Liver Inflammation and Immunology
- Liver Diseases Diagnosis
- Herbal Medicines for Liver diseases
- Cirrhosis and Its Complications
- Liver Cancer
- Pancreas
- Gastroenterology

## About Sydney

Sydney is the state capital of New South Wales and the most populous city in Australia and Oceania located on Australia's east coast, the metropolis surrounds the world's largest natural harbour and sprawls about 70 km (43.5 mi) on its periphery towards the Blue Mountains to the west, Hawkesbury to the north and Macarthur to the south. Sydney is made up of 658 suburbs, 40 local government areas and 15 contiguous regions. Sydney is a vibrant, cosmopolitan city with a diverse population featuring a rich history, internationally-recognised tourist attractions and an exciting calendar of events. The City of Sydney is the local government authority responsible for the city centre and more than 30 suburbs within our boundaries. The major City attractions are Sydney Opera House, Sydney Harbour Bridge, Bondi Beach, Taronga Zoo, and Darling Harbour.
