OSAKA (about 330 miles southwest of Tokyo) is the second largest city in Japan and the 13th largest city in the world, with a population of about 10.5 million people. Situated on a sheltered bay, it is also the commercial, shipping and industrial center of western Japan, the second major gateway to Japan after Tokyo and the transportation and communication hub of the Kansai region, with a convenient connections to Kyoto, Nara, and Kobe, the Inland Sea area, and Shikoku, which are all nearby. Even though Osaka is flat as flat can be its name means “big hill. “Foreign guide books usually do not have much nice to say about Osaka. One said its biggest claims to fame were the yakuza and pachinko. Another called the “Elephant Man” of Japan---ugly but wanting desperately to be loved. Osaka made not be as well-known, rich and flashy as Tokyo but Osakans will tell you that it is a more real, honest, friendly and earthy place with a deeper history and a richer sense of humor and fun. Many say it is the heart of Japan. The people may be a little crude, inconsiderate and pushy at times, yes, but they are also more warm, open and generous.
