Invitation

Dear Attendees,

We are glad to announce the **6th Global Experts Meeting on Cardiovascular Pharmacology** to be held in **Kyoto** on **July 26-27, 2019** organized in collaboration with generous support and cooperation from enthusiastic academicians and editorial Board Members. **Cardiac Pharmacology 2019** aims at sharing new ideas and technologies amongst the professionals, industrialists and students from research areas of Cardiovascular Pharmacology. As the premier event, we have developed a program with your interests in mind. We have not only increased the number of opportunities for you to network with colleagues from across the world but also introduced more focused sessions that will feature cutting edge presentations, special panel discussions, and livelier interaction with industry leaders and experts.

Life is full of give and take. Make it count in your professional life. 6th Global Experts Meeting on Cardiovascular Pharmacology amid July 26-27, 2019 Kyoto, Japan. This consolidates incite keynote presentations, Oral talks, Poster presentations and Exhibitions.

Sincerely,
Cardiac Pharmacology 2019
Organizing Committee

Our International Open Access Journals

- 700+ Leading-edge Peer Reviewed Open Access Journals
- 21 Day Rapid Review Process
- 50000+ Editorial Board Team, 35000+ Reviewers team
- 30 Million Readers and High Visibility
- 1000+ Scientific Associations Collaborations
- 100000+ Likes 
- Publication immediately after acceptance
- Quality and Quick editorial, review processing

Salient Features

- Easy to Submit and Review Systems
- High Quality and Fast Publishing Guaranteed
- Unbiased, quality-oriented, and transparent reviews
- Truly impartial recognition of the best papers
- Feedback on the impact of every article
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits
- User friendly/feasible website articles translations across more than 50 world languages

Our International Scientific Conferences

- More than 3000 Conferences happening across the globe
- Conferences organized in Medical, Pharma, Engineering, Science, Technology and Business.
- CME/CPD Accredited Conferences fostering professional and Personal development
- Continuum of education through organized scientific program
- Renowned speakers and scientists representing from 40 countries
- Highly Interactive sessions and Panel Discussions
- B2B Meetings offers perfect platform for Global Networking

Salient Features

- Robust on-line publicity for all the speakers and organizing committee members
- Career Guidance Workshops for students and early career researchers
- Accepted Abstracts will be published in various indexed journals
- Accepted abstracts will be labeled with a Digital Object Identification Number (DOI) provided by Cross Ref
- Creation of speakers and abstracts pages in Google
- Opportunity to publish full Manuscripts in our Open Access Journals

Special Issues: All accepted abstracts will be published in respective Conference Series LLC LTD Journals

Each abstract will be provided with digital Object Identifier by

About Conferences

Cardiac Pharmacology 2019 has been designed in an interdisciplinary manner with a multitude of tracks to choose from every segment and provides you with a unique opportunity to meet up with peers from both industry and academia and establish a scientific network between them. We cordially invite all concerned people to come join us at our event and make it successful by your participation.

Cardiac Pharmacology 2019 salient features

- Meet Academia and Industry visionaries to get inspired
- Expand your knowledge and find solutions to problems
- Knowledge, Benchmarking and Networking offered at one place
- Forge connections and for global networking
- Highly Organized and Structured Scientific programs
- Poster presentations and world class exhibitions
- Meet with new vendors and suppliers

How Conference Series Conferences differs from others?

- 3000+ Conferences across the globe in 30+ countries all through the year
- Over 25 Million+ Visitors and 20000+ Unique Visitors per conference
- Participation by Stalwarts from various international societies
- Internationally renowned speakers and scientist's representation
- Career guidance for early career researchers and students
- Interesting scientific deliberations and discussions
- Perfect platform for Global Networking

Goals

- The conference program emphasizes evidence-based practice, educational innovation, practical application, and peer to peer networking and collaboration. The goals of the conference is to provide a transformative professional development experience through.
- Bringing together the world's scientific experts to catalyze and advance scientific knowledge about Cardiovascular Pharmacology, present the most recent research findings, and promote and enhance scientific collaborations around the world.
- Bringing together community leaders, scientists, and policy leaders to promote and enhance programmatic collaborations to more effectively address regional, national and local responses to Elderly Population around the world and overcome barriers that limit access to care and services.

About Conferences

Objectives

After participating in this meeting, attendees should be able to

Discuss emerging issues in Cardiovascular Pharmacology

Discuss and apply recent research findings related to Cardiovascular Pharmacology

Reflect on the place of critical distance in Cardiovascular Pharmacology

Who should attend?

Academicians including Professors, PhD Scholars, Students carrying out laboratory and field studies, Cardiovascular Pharmacology Industrial Giants, Biochemistry Societies and the people Associated, Nobel laureates in Cardiovascular Pharmacology, Biochemists, Molecular Biologists, Professionals, Clinical Laboratories and Technicians, Research Institutes and members, Supply Chain Companies, Manufacturing Companies, Training Institutes, Business Entrepreneurs.

About hosting organization

Conference Series is the world's leading specialist in organizing Academic, Scientific and Business conferences, meetings, symposiums and exhibitions in different verticals and horizontals like Medical, Pharma, Engineering, Science, Technology and Business to promote scientific research. Every year we host more than 3000+ global events inclusive of 1000+ Conferences 1000+ Symposiums 1000+ Workshops in USA, Europe, Middle East and Asia with the generous support and cooperation from our 30000+ Editorial Board Members, 1000+ Scientific Societies. All the conference proceedings are published in the special issues of our 700+ Open Access International Journals with the DOI provided by CROSSREF.

Conference Highlights

- Anaesthesia and Cardiac Image
- Cardiac Surgery
- Cardiology - Future Medicine
- Heart - Surgery & Transplantation
- Insulin pumps and Therapy
- Cardiac Pharmacology
- Industrial aspects on Cardiology
- Angiography & Cardiac Surgery
- Epidemiology and Public Health
- Diabetes & Cardiovascular Engineering
- Vascular Biology
- Women & Pediatric Cardiology
- Pediatric & Fetal Cardiology
- Cardiovascular Pharmacology and Toxicology
- Heart Diseases and Cardiac Arrest
- Nutrition, Diet & Exercise
- Diabetes, Obesity & Stroke in Children

Kyoto (also Kyōto) is former capital of Japan and for more than a thousand years the centre of traditional Japanese culture and is still considered the Heart and Soul of traditional Japan. It is located 315 miles southwest of Tokyo and 25 miles east of Osaka. Several of the historic temples and gardens of Kyōto were collectively added as a UNESCO World Heritage site in 1994.

Kyoto is a sophisticated blend of the ancient and the modern, an urban environment where museums, four star restaurants and active entertainment venues flourish alongside temples, small shops and quiet neighbourhoods. Kyoto is what most travellers' dream of when envisioning Japan. This centre of innovation has a reputation for fostering leading research and the development of high technology firms. Kyoto has the highest percentage of academics per capita in Japan with over 40 universities and 50 research organizations. Most of Japan's Nobel Prizes have been awarded to researchers from Kyoto University. With a proud cultural heritage and modern goals for the future, Kyoto is absolutely unique in Japan. Kyoto's highlights include Fushimi Inari Shrine, the Gion geisha district, Arashiyama's bamboo forest and the historic Higashiyama District. Kyoto is also a culinary centre, and for food lovers there is no better place to begin than "Kyoto's Kitchen," the colourful and boisterous Nishiki Market.

The venue for the 27th International Conference & Exhibition on Cardiology and Cardiovascular Medicine is Kyoto as per the Suggestions of the Organizing Committee and Editorial Board.
