

International Conference on

Biotechnology and Microbiology

Theme:

**Interdisciplinary Approach for Innovation and Invention in
Biotechnology and Microbiology**

12-14, Nov 2019

Dubai, UAE

**Biotechnology
and Microbiology**

2019

Invitation

Dear Attendees,

Impact Biotech 2019 is hosted by IMPACT Conferences. and it is focused on the Innovatory approach for innovation and invention in Biotechnology and Microbiology. Biotechnology 2019 aims in proclaim knowledge and share new ideas amongst the professionals, industrialists and students from research areas of Biotechnology, Pharmaceutical Biotechnology, Food Biotechnology, Industrial and Microbial Biotechnology, Agriculture Biotechnology, Animal Biotechnology, Environmental Biotechnology, Marine Biotechnology, Nanobiotechnology, Biomass and Bioenergy, Biotechnology and its Applications, Biotechnology Market, Biotech products, Biotech Companies and market analysis, Biotechnology investors and Grants, Advances in Biotech Manufacturing, Biotech investors network, biotech Market, latest biotech research to share their research experiences and indulge in interactive discussions and technical sessions at the event. The conference will be a platform to globalize one research, to share scientific experiences, to gain knowledge of new technologies and regulations. The conference is scheduled for 12-14, Nov 2019 in Dubai, UAE. We invite sponsors and exhibitor to showcase your products to our participants and make it reach the public through them. We request you to make use of this opportunity to make the world a better place to live in.

Operating Committee
IMPACT Conferences

A Transformational Learning Experience

- Curated to address the concerns of today's scientific world
- Be inspired by some of the world's most renowned figures
- Stimulate new ways of thinking and provoke action
- Relish inspiring interaction between peers, leaving you better prepared to face technical and research oriented challenges

Why with us?

In today's competitive economic situations, your business decisions are very crucial in order to maximize your financial success. IMPACT Conferences allows you to maximize marketing and minimize your time by providing you immediate feedback on your new products and services.

IMPACT Conferences organizes an outstanding Scientific Exhibition/Program and anticipates attendance by the world's leading specialists involved in fields targeted by your products.

IMPACT Conferences Advisory Board Members/Committee anticipates over 300 participants at the premier events. Your organization will benefit with excellent exposure to the world's leaders in Business and Academia.

Exhibitions at our Conferences will provide you one location to reach your top customers to showcase the new technology and products of your company and/or the services provided by your company, to a broad international audience.

Impact Biotech 2019 provides a striking opportunity of being connected and gaining contacts with delegates who are active in the concerned field. Networking enables sharpening skills, spark inspiration and uncover new ideas during break-out sessions providing tea and lunch for the delegates. The important subjects are addressed by the expertise keynote speakers with global recognition thus conferring knowledge on the new technologies and the latest drift in the domain. The international Biotechnology conference accents the prominent keynote speakers, plenary speeches, young research forum, poster presentations, technical workshops and career guidance sessions.

A large, high-angle photograph of a conference hall filled with attendees. The audience is seated in rows of dark chairs, facing towards the front of the room. Many people are holding papers or looking towards the front. The room has a modern, wood-paneled interior. A large green triangular graphic is overlaid on the right side of the image, containing the event dates and location.

Who'd be attending

The International Conference on Biotechnology and Microbiology plays host for the Multinational organizations, entrepreneurs across the globe, the professionals, industrialists and students from research areas of Pharmaceutical Biotechnology, Food Biotechnology, Industrial and Microbial Biotechnology, Agriculture Biotechnology, Animal Biotechnology, Environmental Biotechnology, Marine Biotechnology, Nanobiotechnology, Biomass and Bioenergy, Biotechnology and its Applications, Biotechnology Market, Biotech products, Biotech Companies and market analysis, Biotechnology investors and Grants, Advances in Biotech Manufacturing, Biotech investors network, biotech Market, latest biotech research, to share their research experiences and indulge in interactive discussions and technical sessions at the event. About hosting organization IMPACT Conferences is one of the world largest and most significant scientific place which serves as a crossroad for the academicians and industry experts to build networks. IMPACT Conferences focuses on to Spearheading the Transformation of Medical Research into Knowledge through Scientific Gatherings and Networking. Supporting the Rare Care UK organization, Our approach has always been unique, and that difference has propelled our growth towards Scientific Serendipity.

Scientific Sessions:

Biocatalysis

Agricultural Biotechnology

Animal Biotechnology

Biomass and Bioenergy

Bioprocess and Fermentation
Technology

Environment Biotechnology

Food and Enzyme Technology

Industrial and Microbial
Biotechnology

Marine Biotechnology

Molecular Diagnostics

Nanobiotechnology

Pharmaceutical Biotechnology

Cell science and Cell
Biology

CRISPR & Genetic Engi-
neering

Microbiology

2019

About Destination Dubai

Dubai is the capital city of the United Arab Emirates (UAE), and the largest of the seven emirates federation. Year-round sunshine, pristine beaches, spectacular sand dunes, and pulsating cosmopolitan lifestyle await every guest in Dubai. This emirate is known around the world for its massive oil reserves and majestic mosques with towering minarets. These, combined with the distinct Arabic hospitality and mystique - and world-class infrastructure - make Dubai an excellent destination both for the experienced and novice traveler. Dubai, Arabic Abu Zaby, city and capital of Abu Zaby emirate, one of the United Arab Emirates (formerly the Trucial States, or Trucial Oman), and the national capital of that federation. The city occupies most of a small triangular island of the same name, just off the Persian Gulf coast and connected to the mainland by a short bridge. Dubai was formerly an undeveloped town of only local importance, but the emirate's oil revenues enabled it to evolve into a modern city with a fully developed infrastructure
