

4th Edition of World Pediatrics Conference

October 31 - November 01, 2019
Chicago, USA

Theme:
Exploring the Innovations in Pediatrics and Neonates Health

Invitation

Welcome to Philadelphia, the City of science, history and medical Significance, and Experience the science of Pediatrics illuminated as never before. Euroscicon is proud to host the International Conference on world pediatrics, October 31-November 01, 2019 in Chicago, USA. This year's theme is "Exploring the Innovations in Pediatrics and Neonates Health". World Pediatrics 2019 will provide an unprecedented opportunity for Pediatricians of all stripes and colors to share their research with colleagues, and discuss and debate the latest advances in the field. We invite Pediatricians and researchers, and scientists in related disciplines to come together and inform each other in an environment conducive to education and interaction. Seasoned scientists, young researchers, mid-career professionals and just starting out are all welcome.

With a broad array of keynote presentations, panel discussions, workshops and poster sessions, the World Pediatrics conference is the perfect venue not only to dive into your particular Pediatric interests but also to expand the scope of your knowledge. 16 tracks are devoted to subjects such as neurology, cardiology, critical care, nursing, emergency medicine, breast feeding, diabetes, and many more complications.

The Organizing Committee has done its best to set up a framework that we think will allow for a creative interplay of ideas. All we need now to convert the extensive program on paper to an active and vibrant pediatrics forum in person is your active participation.

About Destination Chicago

It has changed from a small trading post at the mouth of the Chicago River into one of the nation's largest cities, and it isn't about to stop. Over the next 20 years, it would quadruple in population, amazing the rest of the world with its ability to repeatedly reinvent itself. And it still hasn't stopped. Today, Chicago has become a global city, a thriving center of international trade and commerce, and a place where people of every nationality come to pursue the American dream.

Chicago Firsts

- The nation's first skyscraper, the 10-story, steel-framed Home Insurance Building, was built in 1884 at LaSalle and Adams streets and demolished in 1931.
- When residents were threatened by waterborne illnesses from sewage flowing into Lake Michigan, they reversed the Chicago River in 1900 to make it flow toward the Mississippi.
- Start of the "Historic Route 66" which begins at Grant Park on Adams Street in the front of the Art Institute of Chicago.

Chicago was the birthplace of

- The refrigerated rail car (Swift)
- Mail-order retailing (Sears and Montgomery Ward)
- The car radio (Motorola)
- The TV remote control (Zenith)
