International Conference on
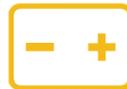

ARTIFICIAL
INTELLIGENCE

November 18-19, 2019 | Berlin, Germany

INVITATION
FOR CONFERENCE

DEAR
COLLEAGUES,

Allied Academies welcomes you to attend International Conference on Artificial Intelligence during November 18-19, 2019at Berlin, Germany with the theme "AI- The real race for FUTURE " This International meet (Artificial Intelligence 2019) anticipates hundreds of delegates including keynote speakers, Oral presentations by renowned speakers and poster presentations by students besides delegates around the world. This conference perhaps a giant event that creates an ideal platform to share expertise addressing current technologies involved in Artificial Intelligence. It will be a wonderful opportunity for all the delegates as it provides an international networking opportunity to collaborate with the world class Artificial Intelligence associations.

CONFERENCE HIGHLIGHTS

- Artificial Intelligence
- Big Data
- Biometrics
- Cloud Computing
- Cyber Security
- Computer Vision
- Data Science
- 3D Printing
- 5G Technology
- Internet of Things
- Machine Learning
- Neural Networks
- Pattern Recognition
- Robotics

CONFERENCE SESSIONS

All honorable authors, researchers, scientists and students are encouraged to contribute and help the shape of the conference through submissions of their posters & research abstracts. Also, high quality research contributions describing original and unpublished of conceptual, research oriented, experimental or theoretical work in all areas of Artificial Intelligence are warmly invited for presentations at the conference. The conference memorial contributions of abstracts and posters that address themes & future aspects of the conference related sessions.

UNIQUE FEATURES

☞ The Career Guidance Workshops to the Graduates, Doctorates and Post-Doctoral Fellows

☞ Accepted Abstracts will be published in the respective journals and will be labelled with a Digital Object Identification Number (DOI) provided by Cross Ref (Free abstract publishing).

☞ Lifetime Speaker and Abstract pages created and indexed in Google on your name, would get worldwide acknowledgment to your profile and Research.

☞ Group of attendees from the same lab/institute/university (or) anyone who wish to attend the conference will be eligible for discounts.

☞ For Students Best Poster and Young Researcher Award.

YOUTH FORUM

YOUNG RESEARCHERS CAN
ALSO PARTICIPATE IN THIS ELITE CONFERENCE

ELIGIBILITY

☞ Young Investigators (e.g. Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty) are the focus of this event.

☞ Participants should be below the age of 33 years.

☞ Opportunity for young researchers to learn about the research areas of their peers to increase their capacity as multidisciplinary researchers

BENEFITS

☞ The forum will provide an opportunity for collegial interaction with other speakers and established celebrative across the globe.

☞ Young Researcher Award will be given to the best presentation by the organizing committee member.

SPEAKER'S PPT

☞ You may submit your presentation to any of our onsite organizers on the day of your talk. If your presentation is not compatible with our laptops, then you may also use your own laptop.

POSTER GUIDELINES

☞ This competition is open to all students (Graduates, Post Graduates and Research Scholars not above the age of 35).

☞ The abstract submission deadline for poster competition will be closed one month before the conference date (this is subject to change), hence all are requested to submit their abstracts well in advance.

☞ The abstract should include complete details of the contestant (e.g., abstract title, name, affiliation, abstract and biography etc). For sample template, please.

☞ Abstracts have to be submitted through online or by email. Shortlisted abstracts for the competition will be intimated through email and those will be displayed on the website as well.

BERLIN, GERMANY

ABOUT VENUE

Berlin is the capital and largest city of Germany by both area and population. Its 3,748,148 (2018) inhabitants make it the second most populous city proper of the European Union after London. The city is one of Germany's 16 federal states. It is surrounded by the state of Brandenburg, and contiguous with its capital, Potsdam. The two cities are at the center of the Berlin-Brandenburg capital region, which is, with about six million inhabitants and an area of more than 30,000 km², Germany's third-largest metropolitan region after the Rhine-Ruhr and Rhine-Main regions. Berlin straddles the banks of the River Spree, which flows into the River Havel (a tributary of the River Elbe) in the western borough of Spandau. Among the city's main topographical features are the many lakes in the western and south eastern boroughs formed by the Spree, Havel, and Dahme rivers (the largest of which is Lake Müggelsee). Due to its location in the European Plain, Berlin is influenced by a temperate seasonal climate. About one-third of the city's area is composed of forests, parks, gardens, rivers, canals and lakes. The city lies in the Central German dialect area, the Berlin dialect being a variant of the Lusatian-New Marchian dialects. Berlin is a world city of culture, politics, media and science. Its economy is based on high-tech firms and the service sector, encompassing a diverse range of creative industries, research facilities, media corporations and convention venues. Berlin serves as a continental hub for air and rail traffic and has a highly complex public transportation network. The metropolis is a popular tourist destination. Significant industries also include IT, pharmaceuticals, biomedical engineering, clean tech, biotechnology, construction and electronics. Berlin is home to world-renowned universities, orchestras, museums, and entertainment venues, and is host to many sporting events. Its Zoological Garden is the most visited zoo in Europe and one of the most popular worldwide. With the world's oldest large-scale movie studio complex, Berlin is an increasingly popular location for international film productions. The city is well known for its festivals, diverse architecture, nightlife, contemporary arts and a very high quality of living. Since the 2000s Berlin has seen the emergence of a cosmopolitan entrepreneurial scene.
