

3 Reasons Why You Don't Want to Miss This CIRS Conference

Hosted by Dr. Ritchie Shoemaker

A PROVEN, RESEARCH-BASED **CME-CREDIT*** SEMINAR

A WORLDWIDE ISSUE

Healthcare professionals can get certified to screen, diagnose, and treat CIRS, including **30 ICD-10 codes**, so they can keep their patients in-house. Rack up **eight CME credit hours**, get listed on the Surviving Mold website, and stay ahead of the medical game.

JOIN THE MEDICAL REVOLUTION

CIRS affects **40,000,000** just in the U.S. (that's 1 in 8 people!). With **50%** of U.S. buildings being water-damaged and mold growing within **24 hours**—it's a prevalent problem. But it's not just in America. Even the Australian Parliament has adopted the Shoemaker protocol!

CIRS VICTIMS FACE SERIOUS CONSEQUENCES

Without proper treatment, CIRS victims only get worse. It starts with a few symptoms, but soon develops into **long-term damage**. And no one ever believes them either. They're often labeled "crazy" and lose practically everything: their family, friends, and contaminated belongings.
