About Dubai

Dubai is the largest and most populous city in the United Arab Emirates (UAE). Dubai is a city and emirate in the United Arab Emirates known for luxury shopping, ultramodern architecture and a lively nightlife scene. Burj Khalifa, an 830m-tall tower, dominates the skyscraper-filled skyline. At its foot lies Dubai Fountain, with jets and lights choreographed to music. On artificial islands just offshore is Atlantis, The Palm, a resort with water and marine-animal parks. Dubai was the most expensive city in the Middle East. In 2014, Dubai's hotel rooms were rated as the second most expensive in the world.

Dubai Attractions: The Creek: The Creek, a natural sea-water inlet which cuts through the centre of the city, is the historic focal point of life in Dubai. A stroll along its banks evokes the city's centuries-old trading traditions. Visitors will be captivated by the colour and bustle of the loading and unloading of dhows which still ply ancient trade routes to places as distant as India and East Africa. An attractive way to view the Creek and the dhows is from an abra, one of the small water taxis which criss-cross the Creek from the souks of Deira to those on the Bur Dubai side. Boatmen will also take visitors on a fascinating hour-long trip from the abra embarkation points to the mouth of the Creek and inland to the Maktoum Bridge, passing on the way many of the city's historic and modern landmarks.

Archaeological Sites: There are three main excavation sites in Dubai, at Al Ghusais, Al Sufooh and Jumeirah. The first two are graveyards dating back more than 2,000 years. The Jumeirah site reveals artefacts from the 7th to 15th centuries. Though not yet open to the public, tourists or tour operators may obtain a permit from Dubai Museum to visit the digs.
